Public Meeting for U.S. 24 at Spring Creek Road near Washington

PEORIA – The Illinois Department of Transportation (IDOT) will hold a public meeting to discuss impending safety improvements to the intersection of U.S. 24 and Spring Creek Road near Washington.

Wednesday, May 31, 2017
6-7 p.m.
Washington Library Meeting Room
380 N. Wilmor Road
Washington, Ill.

IDOT is in the process of designing permanent improvements to address crashes at the U.S. 24 and Spring Creek Road intersection. Implementation of those improvements likely is still at least 1-2 years away.

Due to the volume and severity of the crashes at this intersection, IDOT is planning to implement short-term improvements in the form of striping, signing and flexible delineators within the next few weeks.

The public meeting will provide an opportunity to learn about the short-term improvements to the intersection. The meeting will be conducted on an informal basis; IDOT representatives will be available to answer questions and receive comments.

Individuals with disabilities requiring special accommodations should contact Mr. Randy Laninga at 309-671-3333 or in writing to IDOT District 4 re: U.S. 24 at Spring Creek Road Public Meeting, 401 Main St., Peoria, IL 61602.
