## TRANSMITTAL LETTER

April 6, 2018

The Honorable Gary W. Manier  
& Members of the City Council  
City of Washington  
City Hall, 301 Walnut St.  
Washington, Illinois 61571

Mayor Manier & Members of the City Council:

I am pleased to present the proposed budget for the City of Washington, Illinois for the fiscal year beginning May 1<sup>st</sup>, 2018. This proposed budget continues the tradition of prudent financial planning that has allowed the city to provide important services and foster economic growth.

This document reflects the collaborative efforts of the city's elected officials and staff. I am appreciative of the input provided during this process as the proposed budget is a true team effort. Our department heads (Planning & Development Director Jon Oliphant, Public Works Director Ed Andrews, and Police Chief Mike McCoy) deserve recognition. Their involvement in this process is critical as they hold the intimate knowledge of the department they represent. I'd also like to give special recognition to City Controller Joanie Baxter. Her dedication and skillful coordination of the budget process continues to be a tremendous asset to the city.

A summary of the City of Washington's FY18-19 budget in comparison to the prior year is shown in the table on the following page. Revenues and expenses across all funds have been grouped into common categories for comparative purposes. While these data are useful in providing summary information and general trends, substantive conclusions should only be made following a more thorough evaluation of the budget detail provided for each individual fund. Please note, it is particularly difficult to make year-to-year comparisons in certain categories due to the unique circumstances resulting from the 2013 tornado.

### **EXPENSE OVERVIEW**

The budget appropriates \$23,657,525 to meet the city's anticipated expenses for the fiscal year beginning May 1, 2018, a \$3,427,915 or 12.7% decrease compared to the prior year. Of the nine major service categories shown in the Budget Trends table, expenses related to the city's core services (sanitary sewer, streets, public safety and water) account for over 82% of total budgeted expenditures.

The proposed budget includes a significant reinvestment in the city's infrastructure, most notably to maintain aging streets and utility distribution systems. Capital expenditures are estimated to total over \$10M in the coming year, 42.4% of total budgeted expenses. See Capital Improvement Program summary for further detail (page 116).

Personnel expenses are estimated to total \$7.7M in FY18-19. They account for 32.7% of total expenditures and are projected to decrease by 3.9% over the prior year budget. Total city employment (65.0 FTE) is a reduction from the prior year of 69.05 FTE primarily due to the decommissioning of the dispatch center in response to the state mandate for consolidation. About 46.3% of the city's workforce is engaged in public safety services; 43.7% is committed to public works; 6.8% to general administration and 3.2% to planning, zoning and economic development. Increases in workers compensation insurance and pension costs are anticipated in FY18-19 and are largely beyond the city's control. However, during the current fiscal year you took a proactive step to mitigate the usual annual increase in health insurance costs. Your decision to join the

Intergovernmental Personnel Benefit Cooperative (IPBC) last summer has allowed the city to pool health insurance risk and reduce some expenses. I'm pleased to announce the city's renewal premium through IPBC will decrease 2.7%, which is the city's first health insurance decrease in recent memory.

Operations costs are projected to increase by about \$111,353 or 2.6% in the coming year. The Operations category includes a wide variety of expenses: utilities (electric, natural gas and phone); professional fees (legal, engineering and data processing); repair and maintenance of buildings, grounds, office equipment, and public infrastructure (streets, sidewalks, storm sewers); training; property insurance; chemicals (mostly those used in the treatment of water and wastewater); janitorial supplies and various commodities. Non-recurring, overlap expenses related to the upcoming 911 consolidation are responsible for 84% of the \$111,353 increase in operations costs.

Annual debt service expenses of \$1.5M are \$259,728 lower than the prior year and account for about 6.3% of total budgeted expenses. Of this total, \$527,446 is payable from sewer revenues, \$659,250 is payable from General Fund income, and \$261,315 from water revenues.

**REVENUE OVERVIEW**

Sales and use taxes, estimated to total \$6.6M, account for the largest source of revenue in the coming year, about 28% of total revenues. These revenues are generated from three component parts: the 1% municipal sales tax (\$3.06M), the existing 1.25% home rule sales tax (\$2M) and the local use tax (\$430,000). The new .5% home rule sales tax which will be effective July 1, 2018, is projected to provide an additional \$700,000 in revenue.

Utilization of surpluses make up the second largest source of monies to fund the FY18-19 budget. Years of prudent financial planning has well-positioned the city to use surplus funds to reinvest in our infrastructure. A total of \$4.1M of accumulated fund balances are planned to be used for a variety of capital projects. The use of surplus funds will not impede the city's ability to continue to set aside 25% of budgeted revenue in a "rainy day" fund for unplanned/emergency needs.

Sewer revenues are estimated to total \$2.6M with sewer user fees accounting for \$2.25M of the total. Connection fees are projected to total \$108,000. Water revenues are projected to total \$1.9M, Income Taxes \$1.57M and Property Taxes \$1.5M. The use of Bond and Grant Proceeds will decrease by 37.1% from the FY17-18 budget but will make up 13.9% of projected revenue for FY18-19.

As emphasized in prior budgets, the funding of certain capital projects requires the city to accumulate monies in some years in order to pay for projects that occur in later years. Furthermore, accumulated cash reserves that are realized through normal operations can be safely spent on one-time capital projects provided the city maintains sufficient reserves to meet its minimum cash reserve requirements, its cash flow needs and prudent contingencies for unanticipated expenses.

**RESERVES**

The following table illustrates the healthy status of reserves as of 4/30/19 per the proposed budget. It's important to note that these only reflect operating accounts. Telecommunications is a separate account with a 4/30/19 balance of \$1,632,364. Water & Sewer Subdivision Development, Connection and Tower Fees are not included as they are restricted accounts.

	<b>Cash Balance 4/30/19</b>	<b>25% Revenue Min. Std. Bal. (Rainy Day Fund)</b>	<b>Surplus Balance 4/30/19</b>	<b>FY 18/19 Use of Reserves</b>
<b>General Fund</b>	\$7,995,190	\$2,170,770	\$5,824,420	\$1,275,642
<b>Water Fund</b>	\$732,481	\$454,938	\$277,543	\$768,402
<b>Sewer Fund</b>	\$4,903,018	\$615,125	\$4,287,893	-

**CHALLENGES & OPPORTUNITIES**

Recent changes in state law have undercut two of the city's revenue streams: home rule sales tax and the local share of state income tax. The state's new 2% administrative fee for the collection of the city's home rule sales tax has and will continue to have a direct impact on this important city funding source. The city's allocation of state income tax has been diminished by 10% due to inclusion of a one-time reduction in the Local Government Distributive Fund approved in the State Fiscal Year 2018 Budget. Unfortunately, the Governor's proposed 2019 budget calls for the continuation of this 10% reduction. Staff will continue to closely monitor these and other actions by the state.

Lastly, you deserve credit for taking two important steps to secure the city's long-term financial health. First, you recognized the need to establish a dedicated funding source for infrastructure maintenance. Adoption of a 0.5% increase in the home rule sales tax last month will make a dramatic difference in the city's effort to keep pace with necessary improvements that sustain existing infrastructure and enable economic growth. Also, your decision to pursue a Special Census in 2017 will ensure the city receives its fair share of state funds that are distributed on a per capita basis. Between June 2018 and certification of the 2020 Census in June 2021, the city will receive approximately \$600,000 more revenue in the form of income, use, and motor fuel tax proceeds.

I look forward to serving you in the year to come.

Respectfully submitted,

Jim Culotta  
City Administrator

## BUDGET TRENDS AT A GLANCE

**GENERAL FUNDS SUMMARY (Restricted, Designated and Unrestricted) – Fund 100**

General Fund totals for restricted, designated and unrestricted purposes follow. Similar to the All Funds Summary, while useful for general information purposes, each fund and account should be reviewed individually to obtain substantive details and a more complete understanding of the budget goals, objectives, priorities and funding proposals.

Restricted/Designated General Fund accounts include the following:

- 1) Telecommunications Tax monies that are designated for street and storm water purposes as well as 911 consolidation expenses as deemed necessary
- 2) North Cummings Roadway Improvement Fund monies that are restricted solely for specified roadway improvements
- 3) Tazewell County Recycling Grant funds that are restricted to recycling and other related purposes as stipulated by the grant agreement with the county

**GENERAL FUND: UNRESTRICTED (Fund 100-10)**

**Core Service, Purpose or Function**

The General Corporate Fund fully finances many of the city's basic services including the following: public safety (police, fire, ambulance and rescue); streets; economic development; planning, zoning and code enforcement; and the city's executive/legislative/administrative departments. In addition, the General Fund supplements other special or single purpose accounts when needed to balance

**WATER FUND (Fund 500)**

**Core Service, Purpose or Function**

The city is responsible for the provision of safe and reliable potable water required for domestic consumption, business use and fire protection purposes in meeting current needs and sustaining future growth and development. The rates effective May 1, 2018 are \$4.33 per 1,000 gallons. The rate increases each May 1 by the larger of CPI or 2.5%. A technology fee of \$3.85 per month for a single meter or \$5.50 per month for two meters was effective October 1, 2016 as a funding source for debt service due to the meter replacement/AMR project.

**WATER SUBDIVISION DEVELOPMENT FEE ACCOUNT (Fund 500-01)**

**Core Service, Purpose or Function**

The city operates a public water distribution system: elevated tanks, mains, booster stations, etc. Like any public utility, the city must regularly extend, improve, and/or upgrade its water distribution system to enable and support future growth and development. The city charges a Water Subdivision Development Fee in the amount of \$836.00 per residential dwelling unit and \$2,494.00 per acre for non-residential properties at final plat approval. The fee automatically increases on January 1<sup>st</sup> of each year by 3.5% or the rate of inflation, whichever is greater. All funds collected from Water Subdivision Development Fees are restricted to and spent solely on extensions, improvements, and/or upgrades to the water distribution system as necessary to support future growth and development.

**WATER CONNECTION FEE ACCOUNT (Fund 500-02)**

**Core Service, Purpose or Function**

The city owns and operates two water treatment plants, multiple groundwater wells and a raw water transmission main. It faces the need to regularly improve, upgrade and/or expand these facilities to accommodate future growth and development. The city charges a Water Connection Fee for each and every new connection made to the water system. The water connection fee is \$415.00 per each residential dwelling unit. These cash balances will be required in future years for expansion projects involving water treatment, ground water well development and/or related expenses involving the production and treatment of finished water.

## SEWER FUND (Fund 501)

### Core Service, Purpose or Function

The city is responsible for the provision of safe and reliable wastewater collection, treatment and disposal services to meet the current and future needs of residential and business users. The rates effective May 1, 2018 are \$9.01 per 1,000 gallons of water used for sewer. The rates increase on May 1 by the larger of CPI or 2.5%.

**SEWER SUBDIVISION DEVELOPMENT FEE ACCOUNT (Fund 501-01)**

**Core Service, Purpose or Function**

The city operates a public sanitary sewer collection system. Like all public utilities, the city must regularly extend, improve, and/or upgrade its collection system to enable and support future growth and development. The city charges a Sewer Subdivision Development Fee of \$836.00 per residential dwelling unit and \$2,494.00 per acre for non-residential properties at the time of final plat approval. The fee automatically increases on January 1<sup>st</sup> of each year by 3.5% or the rate of inflation, whichever is greater. All of the funds collected from Sewer Subdivision Development Fees are restricted to and spent solely on extensions, improvements, or upgrades to the sanitary sewer collection system necessary to support future growth and development.

**SEWER CONNECTION FEE ACCOUNT (Fund 501-02)**

**Core Service, Purpose or Function**

The city owns and operates two wastewater treatment plants and faces the need to regularly improve, upgrade and/or expand the plants to accommodate and support future growth and development. The city charges a Sewer Connection Fee for each and every new connection made to the sanitary sewer system. The sewer connection fee is currently \$4,317 per residential dwelling unit. The fee for non-residential users is increased on a pro-rata basis depending on the size of the water meter. All of the funds budgeted in this account are restricted to and spent solely on costs for the improvement and expansion of the city's wastewater treatment plants as needed to support future growth and development.

**SEWER BOND PRINCIPAL AND INTEREST ACCOUNT -- 1997 IEPA Loan (Fund 513)**

**Core Service, Purpose or Function**

This account was established to assure that sufficient funds are available to make the required principal and interest payments on the IEPA Loan secured in 1997 to finance the expansion of the city's Wastewater Treatment Plant #2. The loan was refinanced in 2015 through Morton Community Bank and therefore the IEPA loan covenants no longer apply. The loan was paid off in August 2017 and the remaining balance will be transferred back to the Sewer Fund in FY18-19.

**SEWER BOND RESERVE ACCOUNT – 1997 IEPA Loan (Fund 514)**

**Core Service, Purpose or Function**

This account was established in accordance with bond covenants to provide funding to prevent default in making principal and interest payments on the outstanding bonds. The 1997 IEPA loan required monthly transfers to the Sewer Bond Reserve Account in an amount equal to 1/120<sup>th</sup> of the maximum annual debt service until such time as the sum of \$202,116 (maximum annual debt service) had been accumulated. This reserve obligation was fully satisfied in FY07-08 (which equals the annual debt service amount of \$202,116). The loan was refinanced in 2015 through Morton Community Bank and therefore the IEPA loan covenants no longer apply. The loan was paid off in August 2017 and the remaining balance will be transferred to the Sewer Fund in FY18-19.

**SEWER BOND DEPRECIATION ACCOUNT – 1997 IEPA Loan (Fund 515)**

**Core Service, Purpose or Function**

This account was established in accordance with bond covenants to provide funding to pay for extraordinary maintenance and repair costs of the wastewater system and to avoid default by providing funds for principal and interest payments on the outstanding bonds in the event that no other funds are available. The 1997 IEPA loan required monthly transfers in the amount of \$1,200 to meet the bond covenants. This reserve obligation was fully satisfied during FY07-08 (which totals \$145,000). The loan was refinanced in 2015 through Morton Community Bank and therefore the IEPA loan covenants no longer apply. The loan was paid off in August 2017 and the remaining balance will be transferred to the Sewer Fund in FY18-19.

**SEWER BOND PRINCIPAL AND INTEREST ACCOUNT – 2009 IEPA Loan (Fund 517)**

**Core Service, Purpose or Function**

This account was established to assure that sufficient funds are available to make the required principal and interest payments on the IEPA Loan secured in 2009 to finance the expansion of the city's Wastewater Treatment Plant No. 2. The original loan authorization was for \$7,554,185 at a zero percent simple annual interest rate for a twenty-year term with 25% of the loan amount forgiven. The final loan amount was \$5,215,534. The bonds will be retired in November 2030.

**SEWER BOND RESERVE ACCOUNT – 2009 IEPA Loan (Fund 514)**

**Core Service, Purpose or Function**

This account was established in accordance with the covenants of the bond issue to provide funding to avoid default in making principal and interest payments on the outstanding bonds. The 2009 IEPA loan requires monthly transfers to the Sewer Bond Reserve Account in an amount equal to 1/24<sup>th</sup> of the maximum annual debt service until such time as the sum of \$289,446 (maximum annual debt service) has been accumulated. This reserve obligation has been fully satisfied (which equals the annual debt service amount of \$289,446).

**STP NO. 2 PHASE 2A CONSTRUCTION ACCOUNT (Fund 516-01)**

**Core Service, Purpose or Function**

This fund was established to account for bond proceeds and expenditures related to the Phase 2A expansion of STP No. 2 that was completed in FY17-18. This project replaces sewage treatment capacity lost when STP No. 1 is taken out of service as well as provides increased capacity for future growth. A \$3,881,920 loan was secured from the IEPA for a nineteen and a half-year term at a 1.75% annual interest rate.

**MOTOR EQUIPMENT REPLACEMENT FUND (Fund 502)**

**Core Service, Purpose or Function**

The city budgets for costs associated with services, supplies, maintenance and repairs of its fleet of vehicles and equipment as well as for the eventual replacement of that same equipment. This approach assures that cash funding has been reserved and serves as a guideline (replacement is driven based on need and condition of the vehicle).

**POLICE PENSION FUND (Fund 600)**

**Core Service, Purpose or Function**

The city is obligated to properly fund the annual pension liabilities for its full time sworn police personnel. The Police Pension Fund is governed by a five-member Board of Trustees as required by state statute. Two members are appointed by the Mayor, two members are elected from active police officers and one member is elected by and from the fund's beneficiaries. The current employee contribution is 9.91% of base wages.

**CRUGER ROAD IMPROVEMENT DEBT SERVICE FUND (Fund 301)**

**Core Service, Purpose or Function**

Bonds were sold in 2002 to pay for the reconstruction of Cruger Road between Cummings and Nofsinger. Financial transactions related to the retirement of this indebtedness are recorded in this fund. The bonds were refinanced in 2015 with Morton Community Bank and were retired in August 2017.

**WACC DEBT SERVICE FUND (Fund 303)**

**Core Service, Purpose or Function**

This fund was established to record financial transactions related to the repayment of debt associated with the issuance of bonds for the Washington Area Community Center project. A ¼% Home Rule Sales Tax provides funds for the repayment of the debt along with an annual payment from WACC. The bonds were refinanced in 2015 with South Side Bank and will be retired in May 2029. Surplus funds no longer required to be reserved were transferred back to the General Fund in FY2016-17.

**MALLARD CROSSING SPECIAL SERVICES AREA FUND (Fund 406)**

**Core Service, Purpose or Function**

In 2005, the City established a Special Services Area and issued bonds to finance a portion of the public improvements included in the Mallard Crossing Subdivision. This project was in furtherance of the city's objective to stimulate commercial development along the Cummings/Cruger corridor. The bonds will be retired in FY19-20.

**BEVERLY MANOR SAFE ROUTES CAPITAL PROJECT FUND (Fund 420)**

**Core Service, Purpose or Function**

The city secured funding to improve pedestrian safety in and around Beverly Manor School. The key objective was to provide sidewalks along School Street which would provide a direct and safe pedestrian route to the sidewalks planned to be constructed along Illinois Route 8. This project was complete during FY14-15.

## CAPITAL IMPROVEMENT PROGRAM

### Objective

The objective of the five-year Capital Improvement Program (CIP) is to provide short and long range financial planning for the acquisition and/or construction of new or replacement of existing City-owned assets. The establishment of a multi-year CIP is a valuable tool in assisting the City in its efforts to:

- Effectively plan for the city's long-term capital funding needs;
- Facilitate economic growth;
- Determine the character and location of needed public improvements; and
- Provide for the efficient and responsible financing of these improvements.

### Guidelines

1. The time period for this CIP is five years, FY18-19 through FY22-23.
2. The CIP is designed to account for expenditures for the acquisition of assets which are characterized by a long-term life-expectancy, such as major machinery, buildings or property, street improvements, water or sewer system improvements and replacements to the motor equipment fleet.
3. Items in the CIP are limited to those with a life expectancy of greater than one (1) year.
4. All replacements to motor equipment are purchased through the Motor Equipment Replacement Fund (MERF). Non-motorized equipment are purchased through the new Capital Replacement Fund as deemed practical.
5. The CIP includes only those projects that 1) can be realistically funded during the five-year period or 2) are deemed absolutely essential even if funding is not presently available.
