1Q21	<p>In January, the unemployment rate fell by 0.4 percentage points to 6.3 percent, and the number of unemployed persons decreased to 10.1 million. On March 5th, unemployment fell slightly to 6.2%. Although both measures are much lower than their April 2020 highs, they remain well above their pre-pandemic levels in February 2020.</p> <p>On Jan 27th, the FOMC decided to keep the target range for the federal funds rate at 0 to 1/4 percent until the labor market conditions are consistent with levels of maximum employment and inflation has risen to 2 percent. Effective, March 18th, 2021, the Fed confirmed the same guidance.</p> <p>Gross domestic product in the U.S. grew at a 4% annualized pace in the fourth quarter, below the 4.3% Dow Jones estimate. Gains in consumer spending and private investment led the growth, while across-the-board cutbacks in government spending held back the economy.</p> <p>The GDPNow model estimate for real GDP growth (seasonally adjusted annual rate) in the first quarter of 2021 is 6.0 percent on April 1, up from 4.7 percent on March 26.</p> <p>In late January and early February, oil prices recovered to pre-pandemic levels having hit an all-time low last year. An increase in oil prices is indicative of expectations for greater aggregate demand. Energy was the best performing market sector in the first quarter.</p> <p>On 02/16 Bitcoin reached a record high breaking \$50,000 per bitcoin.</p> <p>In mid-March, the 10-year Treasury yield jumped to a one-year high of 1.74%.</p> <p>In March, Congress approved of the \$1.9 trillion dollar stimulus bill. Of the \$1.9 trillion, \$350 billion will go to state and local government assistance.</p> <p>On March 10th, the Labor Department stated that the consumer price index increased 0.4% in February after rising 0.3% in January. Over the past 12 months through February, CPI gained 1.7%.</p>

During this period value outperformed growth in most categories and small cap value has been the best performing category both domestically and internationally. The Janus Small Cap Value (JSCOX) fund provided returns of 15.2% for the quarter. Additionally, real estate had a strong comeback this quarter as the Wilshire REIT index outperformed the S&P 500, and the Cohen & Steers (CSRIX) fund had gains of 8.5%.

Weaknesses

Fixed income

Rising rates held back longer maturity bonds, as the 10 year reached one-year highs at 1.74%. Long-term, interest rate sensitive bonds were in negative territory for the period.

Equities

After a long run of leading the market, technology was the worst performing sector in the first quarter sustaining a modest correction due to high valuations. Although some international funds performed well, such as the Goldman Sachs Emerging Market fund (GERIX) with returns of 5.8% on average, international equities had a slow March and trailed the U.S equity market. The Invesco International Small-Mid (OSMYX) had variable returns relative to its category at -3.06%.

Strategies

Although the stock market continues to climb, concerns regarding the emergence of COVID variants are hindering the normalization of the U.S economy. Many macroeconomic factors such as unemployment and GDP have yet to reach pre-pandemic levels. The stock market has reached all time highs, but the fundamentals do not justify the high valuations. As a result, in equities we prefer quality companies with strong balance sheets, steady revenues, and reliable earnings. Throughout 2021, we will be selective in a search of value opportunities. Also, international equities are offering competitive valuations in comparison to the U.S equity market, and may present some opportunities in 2021. In fixed income, we are working to keep our average portfolio duration slightly below the benchmark. On the front end of the curve, bond yields have bottomed out and will not provide much income or price increases for the next year. Weaker companies that are over leveraged may be subject to credit risk or default and as usual we will stay with higher rated corporate issues and Treasuries. Finally, Treasury Inflation-Protected Securities (TIPS) will be on our radar as any proliferation in inflation may present a risk.

We urge our clients to compare MVT statements with those from custodians.

Definitions and Disclosures

Timing of Performance Information

It is quite common to have inaccurate information regarding index returns as well as pricing and transaction data from custodians at the end of a reporting period. Often, these inaccuracies are cleared up within the first week or two of the following period. Our pension clients should be aware that quarter-end data reported within the first two weeks of a new quarter has a higher likelihood of inaccuracy. We do our best to weed out these problems, but there may be times when we feel it necessary to leave out the performance for the final month of a quarter.

Index Returns

We often have to use initial performance data directly from the issuers of an index and then update those returns after the 10th of each month using Portfolio Center Data.

Each portfolio is presented with an index or blend of indexes for performance comparison. Detailed similarities and differences between a style and a particular index are available upon request. No single index will precisely reflect a particular investment style; thus, the performance results of the indices chosen should be used for informational purposes only. In addition, the periods shown are for comparative purposes, and it should not be assumed that performance was identical in other periods not shown. These indices are unmanaged and do not include potential commissions, fees, or other transaction costs. You cannot invest directly in an index.

Total Blend: 40% Bond Blend and 60% Equity Blend below since inception 12/31/2015.

Bond Blend: 70% Barclays 1 to 3 year US Treasury Bond Index and 30% Barclays A+ 1 to 5 year Corporate Bond Index. Since 3/31/2019 70% Barclays A+ 1-5 Year Corporate, 30% Barclays UST 1-3 Year

Equity Blend: 75% Russell 3000, 20% MSCI EAFE, 5% US Wilshire REITS

Russell 3000: total return data including dividends

Morgan EAFE: gross returns reported

Wilshire REIT: non full cap data reported

Barclays Indices: are reported directly from Barclays

General Statement

It must be understood that market or economic conditions change often and that these changes, whether anticipated by the manager or having occurred unexpectedly, can have either a positive or a negative effect on the performance of a client's portfolio.

The performance results portrayed reflect the reinvestment of dividends when legal for the client to do so (otherwise, the dividends are paid out in cash), interest and all other cash present in the account for the time periods specified.

Gross of fee reports do not include advisory fees, trading costs, etc.

For Clients with Separate Managed Accounts, notify your advisor:

- 1) if your financial situation or investment objectives have changed,
- 2) any reasonable restrictions that need to be imposed or modified on the SMA account.

2. **Roll Call.**

Present

Michael Hillary, President
Greg Gordon, Secretary
James Fussner, Representative

Absent

Troi Westbrook, Assistant Secretary

Also Present

Ray Forsythe, City Administrator
Joanie Baxter, Finance Director
Jeanette Glueck, Accountant
Ellen Dingleline, Treasurer

3. **Review Agenda – Deletions or Additions (Discussion Items Only):**

None.

4. **Investment Reporting by Mitchell, Vaught and Taylor:**

Report provided by Rob Osmanski. Fourth Quarter 2020 overview. A special highlight on the BlackRock Technology Fund. It had a very positive return of 86% over the course of the year. Corporate bond rates are currently 10 year 1.1%. MVT looks for corporate bonds of at least 40% over treasuries. Rates have been going up at the end of the fourth quarter. Ellen confirmed that we are still getting a 2% return on our money market accounts at Ipava State Bank.

Pension Reform review update: The fire pensions are moving quite quickly. Assets will be transferred in roughly six months. Police funds could take quite a bit of time, up to one- and one-half years. They are at the beginning stages of collecting board members and naming advisors and may have some law suits due to the potential diminishment of funds.

5. **Approval of November 2, 2020 Quarterly Meeting Minutes:**

Greg Gordon motioned to approve. James Fussner seconded the motion and all were in favor. Motion passed.

6. **Public Comment:**

None.

E. Designation of FOI and Open Meetings Act Officer – City Clerk Brod:

This is an annual appointment that needs to be named by the Board. Hillary made a motion to approve designation. Fussner seconded the motion. Motion carried.

F. Acceptance of Police Pension Fund Actuarial Report:

Actuarial results discussed in November 2020 and report filed. Ellen Dingleline requested to go on the record to address the misconception as to the definition of a defined benefit pension plan. Many think that this \$657,000 contribution will go right to the bottom line. That is incorrect. Many do not realize that the amount is actuarially spread over 30 plus years. Furthermore, the State of Illinois governs this retirement plan. The State implements changes which in turn causes changes to our required contribution. We do not have a lot of control over this. Motion to accept the report made by Greg Gordon, seconded by Michael Hillary. Motion carried.

9. Discussion Items:

A. Pension Reform Update

None.

B. Active / Retiree Elections

Greg Gordon needs to hold elections with officers. He agreed to set it up.

C. Training requirements and opportunities

Everyone is in compliance. Troi Westbrook needs four more hours, which is offered online and can be signed up for if he is interested. Jeannette will be in contact with him.

10. Adjournment (roll call vote).

Greg Gordon made motion to adjourn. Seconded by Michael Hillary. Hillary – Yes; Gordon - Yes; Fussner-Yes. Meeting adjourned at 9:34AM.

Respectfully submitted,

Greg Gordon, Secretary

MAILED
2-6-2020

Dear Keegan:

Enclosed please find a *Notice of Taxation of Distribution* that explains your options in regard to your contributions to the Washington Police Pension Fund. Our records indicate that you do not have sufficient service credit to be vested in the pension plan. However, as of the pay period ended November 1, 2019 you will have made contributions of \$46,938.65, which entitles you to a lump sum distribution. Please note that election of a direct refund of contributions will be subject to income tax withholding and could result in a premature distribution penalty.

Should you have any questions regarding the distribution alternatives available or the resulting tax consequences, please feel free to contact me at (309) 444-1124.

We enjoyed working with you and wish you the best of luck with your new career.

Sincerely,

WASHINGTON POLICE PENSION BOARD

Election to Transfer Creditable Service (Portability) under PA 090-0460 * 40 ILCS 5/3-110.7

I, Ashley Clare, have been presented with, if applicable, the cost to reinstate my service with Washington Police Pension Fund (Prior Pension Fund). I have also been presented with the options to either (1) remit the True Cost balance and receive credit for the full service being transferred or (2) remit no money to Alton Police Pension Fund (Current Pension Fund) and receive a reduced service credit in lieu of payment of the True Cost balance.

 I submit my final and irrevocable request to transfer creditable service from my Prior Pension Fund to my Current Pension Fund per 50 IAC 4404.90. I understand by selecting one of the transfer options below, I cannot change my selection at a later time. I formally and irrevocably elect to pursue the transfer as follows:

_____ Option 1 - I will remit the True Cost balance to my Current Pension Fund and receive credit for the full service being transferred. I understand that the transfer is not complete until all monies are paid in full. This transfer may not be reversed to reinstate creditable service with my Prior Pension Fund. This creditable service may not be transferred to another pension fund until all costs are paid in full to my Current Pension Fund and I have completed 2 complete, non-transferred years of service with my Current Police Department.

I am electing to to remit \$ _____ as a Lump Sum payment to my Current Pension Fund towards my True Cost balance due.

I am electing to to remit payments of \$ _____ to my Current Pension Fund towards my True Cost balance due. I will remit these payments until this balance due paid in full, via the following method (check one):

_____ directly to the Pension Fund

_____ an after-tax payroll deduction

_____ Estimated Date of Final Payment

I understand that if I chose to remit the payments via after-tax payroll deductions, it is my responsibility to submit a completed copy of the enclosed form to my municipal payroll department.

I understand that per 50 IAC 4404.110 if the True Cost balance is not paid in full within the time allotted, all of the creditable service being transferred will be lost. I will be entitled to receive a refund of only True Cost payments made to my Current Pension Fund, the employee contributions made to my Prior Pension Fund, and interest I paid to reinstate my Prior Pension Fund creditable service, if applicable.

~~X~~ Option 2 – I elect not to remit the True Cost balance my Current Pension Fund. I understand I will receive a reduced service credit with my Current Pension Fund in lieu of payment of the True Cost balance. I understand the remaining service I had with my Prior Pension Fund will be permanently lost and I will not be able to repurchase this lost time under current statutes. This creditable service may not be transferred to another pension fund until all costs are paid in full to my Current Pension Fund and I have completed 2 complete, non-transferred years of service with my Current Police Department.

I understand that a copy of this Authorization will be forwarded to my Prior Pension Fund by my Current Pension Fund within 7 days of receipt. I further understand that my Prior Pension Fund must, within 30 days of receipt of this signed Authorization, transfer the designated creditable service time to my Current Pension Fund along with the payment of all monies required to be transferred per 50 IAC 4404.73.

- Or -

_____ I have decided not to pursue this transfer of my creditable service from my Prior Pension Fund to my Current Pension Fund and I withdraw my request. I acknowledge that if I choose to request this transfer at a later date, all costs presented are subject to recalculation.

I understand that I must provide this completed authorization form to my Current Pension Fund within 14 days of receiving their notification of the cost and payment options for this transfer. I understand that if I fail to notify them by the 15th day, April 6, 2021, my initial portability application to transfer the designated service is automatically withdrawn.

RE: Transfer of Creditable Service for Ashley Clare from Washington Police Pension Fund to Alton Police Pension Fund

Ashley Clare:

We have been asked to calculate the transfer of your creditable service of 4 years, 8 months, 7 days (March 21, 2016 through November 27, 2020) from the Washington Police Pension Fund to the Alton Police Pension Fund.

COST SUMMARY

WASHINGTON

Records indicate you did not receive a refund of your contributions of \$25,601.04 from the Washington Police Pension Fund.

The Washington Police Pension Fund is required to transfer to the Alton Police Pension Fund your contributions into the fund plus 6% interest, compounded annually from the date of each contribution to the date of the transfer request. In addition, the Washington Police Pension Fund is required to match this amount.

As of April 30, 2021, this required transfer from the Washington Police Pension Fund to the Alton Police Pension Fund is \$58,548.28.

ALTON

Your date of hire for pension purposes with the Alton Police Pension Fund is November 30, 2020. Please be advised that all amounts due to the Alton Police Pension Fund are based on the accuracy of this date. Any adjustment to this date may result in a recalculation of the amounts due.

Per 40 ILCS 5/3-110(d)(2)&(3), if the "receiving" pension fund (Alton) determines that the amount being transferred from the "prior" pension fund (Washington) is less than the "true cost" to establish this length of service with the receiving fund, then the police officer must pay to the receiving fund the difference between the true cost and the amount transferred from the prior fund. Per Public Act 096-0297 (passed in August 2009) the police officer now has the option of :

ALTON - Continued

- (1) paying this True Cost difference and receiving credit for the full period of service being transferred
or
(2) not paying the True Cost difference and receiving a “prorated” transfer of service.

The True Cost to transfer your time from Washington Police Pension Fund, as calculated by the Alton Police Pension Fund’s actuary, is \$78,268.00. Subtracting the money due from the Washington Police Pension Fund, there will be a remaining balance due from you to the Alton Police Pension Fund of \$19,719.72.

OPTIONS

OPTION 1 – Paying the True Cost Difference / Receiving Full Service Transfer:

The True Cost difference of \$19,719.72 can be paid lump sum, in equal installments for a period of up to 5 years, or in some combination of these methods. The installments can be made as a payroll deduction, but the balance accrues interest until it is paid in full (specifically, interest is assessed at 6% compounded annually on the unpaid balance).

OPTION 2 - Not Paying the True Cost Difference / Receiving Partial Service Transfer:

If you elect to not pay the True Cost Difference, you will receive a transfer of creditable service credit of 3 years, 6 months, 1 day as reflected below. Please be advised that the remaining service you had with Washington Police Pension Fund will be lost and you will not be able to repurchase this lost time under current statutes.

Creditable service from Washington converted to Alton:

Alton months = Washington months x (Washington transfer/True Cost)

Alton months = 56.23 months x (\$58,548.28/\$78,268.00)

Alton months = 56.23 months x (0.7480)

Alton months = 42.06 months (3 years, 6 months, 1 day)

In electing either option, your date of hire, for pension purposes with the Alton Police Pension Fund, will adjust accordingly to reflect the date below.

Original Alton Police Pension Fund Date of Hire: **November 30, 2020**

Option 1 - Adjusted Alton Police Pension Fund Date of Hire: **March 23, 2016**

Option 2 - Adjusted Alton Police Pension Fund Date of Hire: **May 29, 2017**

ACTION

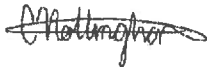

Please note that you have 14 days from receipt of this letter to

- a. Provide an irrevocable written authorization to transfer creditable service to the Alton Police Pension Fund (a copy will be sent by the Fund to the Washington Police Pension Fund).
- b. Submit a written request to the Alton Police Pension Fund to withdraw your application for transferring creditable service (a copy will be sent by the Fund to the Washington Police Pension Fund).

Please note that all monies must be paid in full while you are still an active member of Alton Pension Fund for the service to be considered pensionable.

A copy of the authorization and withdrawal forms are enclosed with this letter for your convenience – please complete and return only the form reflecting your election. Per Section 4404.90 of the Administrative Code, if you fail to do either by the 15th day, April 6, 2021, your request is automatically withdrawn. Please contact me at (630) 393-1483 if you have any questions.
