

Memo

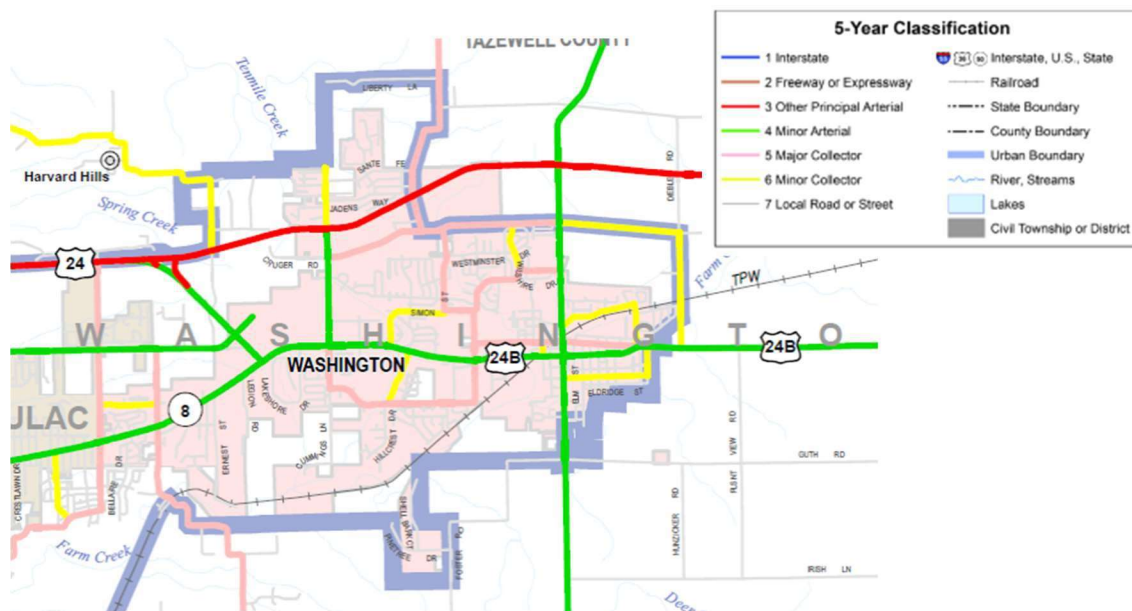

TO: Public Safety Committee

FROM: Ed Andrews, PE Public Works Director

SUBJECT: Roadway Functional Classification Inventory

DATE: May 12, 2017

At the April 2017 Public Safety Committee Meeting, Chairman Butler requested an inventory of all current roadway functional classifications. A current export of the 2015 functional classifications is attached. It should be noted that these are established by the Illinois Department of Transportation (IDOT), reviewed and submitted to the Federal Highway Administration (FHWA) every five years.

Only roadways which have functional classifications above a Local Road are eligible for Federal Funding.

Additionally roadways which have an assigned section number would typically indicate Federal Funding. The following roadway segments which show to have received outside Funding Assistance:

1. N. Cummings Lane (Section 88-00079-00-PV) – actually most of N. Cummings is now a Minor Arterial, portions are still a Major Collector
2. Dallas Road (Section 05-00103-00-FP) – currently a Major Collector
3. W. Jefferson Street (Section 79-00073-00-WR) – currently a Major Collector
4. Muller Road (Section 05-00104-00-RS) – now currently a Local Road, assumed loss of MaxCo Ready Mix plant reduced traffic
5. N. Wood Street (Section 05-00104-00-RS) – currently a Minor Collector

Using the current FC inventory, approximately 20% to 25% of the Federal Aid eligible Roadways in Washington have actually received Federal Aid.

Roadway segments which have centerline paint striping also follows. Stop bars and crosswalks on other roadway segments has not been included.

1. School St
2. Centennial Dr
3. Freedom Parkway
4. North & South Cummings Rd
5. Kern Rd
6. Wilmor Rd
7. Newcastle Rd
8. Dallas Rd
9. Nofsinger Rd
10. Cruger Rd
11. Westgate Rd
12. North & South Main St
13. East & West Jefferson St
14. Wood St
15. Diebel Rd
16. Hillcrest (intersection w/ BR-24 only)
17. Kingsbury (intersection w/ N Cummings Lane)
18. Market (intersection w/ BR-24 only)
