FROM: Ed Andrews, Public Works Director  
SUBJECT: Annual Concrete Supplier Bid (PW-17-03)  
DATE: August 4<sup>th</sup>, 2017

---

On April 17<sup>th</sup>, 2017, the City awarded the contract for the annual concrete supply to Roanoke Concrete in the amount of \$16,520 for the City's purchase various concrete quantities and flowable fill, original memorandum attached herewith.

While the gross amount of the contract has not yet been exceeded, the original estimated amount of 50 CY flowable has been exceeded due to a number of additional underground repairs. For instance, the most recent work at Bondurant & Jefferson Street required 20CY of flowable in the pavement restoration area. Repairs behind the curb were completed with sand to help minimize expenses.

As such, Staff recommends increasing the amount of flowable fill under this contract an additional 125CY for an increase of \$6,237.50, to an adjusted P.O. upper end of \$22,757.50. This adjustment will still be within the Street Department's budget allowance for such supporting work.

This matter has been placed on the City Council consent agenda of Monday, August 7<sup>th</sup>, 2017 for review and ratification.
