

**CITY OF WASHINGTON
WASHINGTON, ILLINOIS**

TO: Chairman Burdette, and Planning and Zoning Members
FROM: Becky Holmes, Building and Zoning Supervisor
DATE: August 30, 2017
SUBJECT: 8 foot & 6 foot Distance Between Structure Variance Requests

PETITIONER: Greg Lyons

LOCATION: 414 Gillman Ave.

ZBA REQUEST: To allow the petitioner to construct two covered patio structures at the rear of the residence. The smaller angled patio cover will be 2 feet from the principal structure and provide cover over an outdoor grill area. The larger patio cover will be 4 feet from the principal structure and provide shelter over a seating area. Ten foot distance between structures is required.

BACKGROUND: The property is zoned R-1A, has a lot width of 82 feet and a lot depth of 160.8 feet. The petitioner is requesting to construct two covered patio structures with a distance of 10 feet between them. The two (2) structures are proposed to be 2 and 4 feet from the principal structure. They would exceed the side and rear yard setback requirements.

STAFF'S OBSERVATIONS:

- It appears that the petitioner should be able to receive reasonable return on his property without constructing the patio covers.
- There does appear to be unique circumstance as the property is open and subject to wind.
- It does not appear that there would be any visible change to the character of the neighborhood.

STAFF RECOMMENDATION: Staff recommends denial of the distance between structure variance requests.

CITY OF WASHINGTON, ILLINOIS

APPLICATION FOR VARIANCE

To have a complete application for a variance, you must submit the following:

- Signed and completed application
- Plat showing subject property and proposed site improvements
- Ownership documentation (lease, deed, mortgage, etc.)
- Application fee of \$100 payable to the City of Washington

Name(s) of Applicant(s): GREG LYONS

Phone Number of Applicant: 309 264-2955

Address of Applicant: 414 GILLMAN AVE

Owner of Property: SAME

Address of Owner: SAME

I would like to receive correspondence by: Mail X Email

Email Address: EMAILGL@MTCO.COM

Property Tax ID (PIN) number: 02-02-15-411-007

Current zoning classification of the property: R1

Current use of the property: RESIDENCE

Describe how your property cannot yield a reasonable return, if it is required to be used only under the general conditions of your zoning classification:

PATIO NEEDS SUN SHELTER

To the best of your knowledge, can you affirm that the hardship described above was not created by an action of anyone having property interests in the land after the Zoning Ordinance became law? Yes X No

If "no," explain why the hardship should not be regarded as self-imposed. (Self-imposed hardships are NOT entitled to variations.)

Describe how your situation is unique or different from any other property: PROPERTY IS OPEN
AND SUBJECT TO WIND

Describe the alteration or change, if any, in the basic character of the neighborhood the variation, if granted, would make:

NO CHANGE

Describe the nature of the variation you are requesting (attach dimensioned site plan):

DISTANCE BETWEEN STRUCTURES AND ROOFLINE

PUBLIC HEARING: Your case will be referred with staff's recommendation to the next regularly scheduled Planning and Zoning Commission (PZC) meeting for a public hearing. The PZC meets the first Wednesday of every month at 6:30 p.m. at the Washington District Library meeting room at 380 N. Wilmor Road. At the PZC meeting, you will present your request. A variance cannot be granted by the PZC unless the PZC finds, based upon the application and evidence presented at the public hearing, that a strict application of the terms of the Zoning Ordinance imposes practical difficulties or particular hardship. The following are examples of variances that can be granted:

1. To permit the extension of a district where the boundary line of a district divides a lot in single ownership as shown of record.
2. To permit the reconstruction of a nonconforming building which has been destroyed or damaged to an extent of more than fifty percent (50%) of its value, by fire or act of God, or the public enemy, where the PZC shall find some compelling public necessity requiring a continuance of the nonconforming use, but in no case shall such a permit be issued if its primary function is to continue a monopoly.
3. To make a variance, by reason of exceptional narrowness, shallowness or shape of a specific piece of property of record, or by reason of exceptional topographical conditions the strict application of any provision of this chapter would result in peculiar and exceptional practical difficulties or particular hardship upon the owner of such property, and amount to a practical confiscation of property, as distinguished from a mere inconvenience to such owner, provided such relief can be granted without substantial detriment to the public good and without substantially impairing the general purpose and intent of the comprehensive plan as established by the regulations and provisions contained in the Zoning Ordinance.
4. To interpret the provisions of this chapter where the street layout actually on the ground varies from the street layout as shown on the district map fixing the several districts.
5. To waive the parking requirements in the business or industrial districts whenever the character or use of the building is such as to make unnecessary the full provision of parking facilities or where such regulations would impose an unreasonable hardship upon the use of the lot, as contrasted with merely granting an advantage or convenience.
6. To permit a building to be erected, reconstructed, altered, or enlarged so that the building lines would extend beyond the distance specific in this chapter into side yards or into front yards; provided that such variance may not be granted:
 - a. Unless there is a building in the block that extends beyond the distance from the front street line specified in this chapter, in which case the building line may be permitted to extend as near to the front street line as such nonconforming building;
 - b. Unless the lot is irregular in shape, topography, or size; or
 - c. Unless the street line of the lot is directly opposite the street line of a lot which is irregular in shape, topography, or size.
7. To permit in any district such modifications of the requirements of the regulations of this chapter as the Board may deem necessary to secure all appropriate development of a lot where adjacent to such lot on two or more sides there are buildings that do not conform to the regulations of the district.

Certification: *To the best of my knowledge, the information contained herein, and on the attachments, is true, accurate, and correct, and substantially represents the existing features and proposed features. Any error, misstatement, or misrepresentation of material fact or expression of material fact, with or without intention, shall constitute sufficient grounds for the revocation or denial of the proposed Variance.*
