

Memo

TO: Mayor Manier and City Council
FROM: Ed Andrews, Public Works Director
DATE: May 4, 2018
SUBJECT: Bid Award - Cured in Place Pipe (CIPP) Liner Assistance
for Sanitary Sewer Repairs

On Wednesday, April 25, 2018, bids were opened and publicly read for assistance to the City of Washington for Cured in Place Pipe (CIPP) for Sanitary Sewer repairs. Three standard lengths of repairs were quoted in an effort to estimate and quantify repairs to be issued on a per task order basis. While the current budget provides for up to \$150,000 of CIPP repairs, the City is not obligated to expend quantities under this award.

Even though Hoerr Construction was the only bidder, it has been the experience of the City that this is a fairly proprietary process. Council may recall that in April of 2017, the City had obtained quotes on the Candlewood bridge sanitary crossing, and found that Pipevision Products of LaSalle, IL were higher than Hoerr by \$10 per foot.

As such it is staff's recommendation to award this contract to Hoerr construction on an assigned task order basis for an upper end amount not to exceed \$150,000.

This matter has been placed on the City Council meeting consent agenda of Monday, May 7th, 2018 for review and ~~post purchase ratification.~~

approval.
