

Public Safety Committee Memorandum

To: Committee Members
From: Jim Culotta, City Administrator
Date: 5/21/18
Re: Fire Station Remodel Funding Request

EXECUTIVE SUMMARY

The Washington Fire Department (WFD) requests the City fund the remodeling of two existing restrooms into a single shower room at the City-owned fire station. The existing restroom facilities are in need of repair and do not currently meet the needs of WFD. The City's 2018/2019 budget contains \$10,000 for this purpose and the low of two quotes is \$9,785 from Steve Wetterauer Fine Home Building LLC. This contractor will follow prevailing wage. Additional details can be found in the attachments provided by WFD. Per our agreement with WFD, the City will be responsible for all major maintenance, repairs, and capital improvements costing more than \$1,000. Chief Traver will attend the meeting and answer any questions.
