

## Washington Police Department

Michael D. McCoy

Chief of Police

115 WEST JEFFERSON STREET  
WASHINGTON, ILLINOIS 61571  
NON-EMERGENCY (309) 444-2313  
FAX (309) 444-7511

TO: Honorable Mayor Manier and City Council  
FROM: Michael D. McCoy  
DATE: October 1, 2018  
SUBJECT: City Hall Controlled Access System

There is an immediate need to replace the current system of access to City Hall.

Bids were solicited for a system that would easily integrate with the current system used at the Washington Police Department.

Initial supplied cost for materials and installation was \$10,024.00. Since that time Council has requested inquiry into installing two (2) identical card readers on the inside of the building. Cost was placed at an additional \$600.00.

Total cost for project is \$10,624.00

Attached are the quotes from K-Cam Technologies and S and S Builders.

Project was endorsed by the Public Safety Committee on September 17<sup>th</sup>, 2018 and advised by Chairman Butler to place on Consent Agenda.

**Re: New City Hall Access Control System for two Doors**

Dear Mr. Henderson,

The following is our proposal to provide and access control for the North and West doors. Because of the construction of the doors magnetic locks will be required to lock the doors. The lock power supply will have battery back up to supply voltage to the locks in the event of a power outage. The magnetic lock power supply will need to be interfaced to the building fire alarm system. There will a be a card reader on both sides of the door.

**Equipment List**

1-Bosch Four Door Controller  
1-Bosch Transformer  
4-HID Proximity Card Reader  
2-Securitron 1200lb Magnetic Lock with Door Position Switch  
2-Securitron SN-EEB2 Timed Door Release Button  
1-Altronix Access Control Power Supply  
3-Powersonic 12 Volt 7AH Battery  
1-Lot Composite Access Control Cable  
1-Lot Required Surface Raceway  
1-Lot Cable Supports and Installation Material  
**Total Installed Cost: \$8,879.00**

**K-COM Shall:**

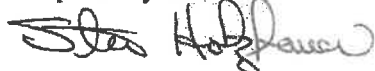

1. Provide and install the listed material.
2. Program the new controller into the existing system.
3. Provide a one year parts and labor warranty.
4. Provide and install fire alarm release cable to the FACP.

**Please Note:**

1. The proposal is valid for 30 days.
2. Ground freight is included.
3. Replacement of the existing door hardware is not included.
4. If the existing Simplex fire alarm panel does not have a alarm relay one will be required.

Thank you for the opportunity to provide you with this proposal. If you have any questions or require additional information please let us know.

Respectfully Submitted
