

Memo

TO: Mayor Manier and City Council
FROM: Kevin Schone, Public Works Manager
DATE: October 15, 2018
SUBJECT: Concrete Curbs WWTF#2

In August of this year Council approved Lonewolf Concrete of Goodfield, IL for assisting City crews to complete various concrete work projects. Also in August of this year Lonewolf completed drying bed reconstruction and roadwork improvements as well as sludge and sand storage pads.

In September of this year wastewater treatment personnel sought quotes for the demolition of the existing grit chamber at a budgeted amount of \$25,000, with the low quote coming in at \$15,300 from Lonewolf of Goodfield, IL and is \$9,700 below budget. Because of this, and while Lonewolf is on site if approved for this work, staff is looking to add concrete curbing to the sludge and sand storage pads poured in August. The cost for adding the curbing is \$8,450. The addition of the curbing will reduce sludge runoff and sand wasted.

This matter has been placed on the City Council agenda of October 15, 2018 for review and discussion.
