

**CITY OF WASHINGTON, ILLINOIS**  
**City Council Agenda Communication**

**Meeting Date:** November 4, 2019

**Prepared By:** Jon Oliphant, AICP, Planning & Development Director

**Agenda Item:** 2019 Orthophotography Project Payment Authorization

**Explanation:** The City of Washington partnered with Tazewell County and six other municipalities to complete a regional orthophotography project. The project updated our last orthophotography from 2015. The City approved an Intergovernmental Agreement earlier this year to share in the cost of the project that is based on the number of improved parcels within the city limits and 1.5-mile extraterritorial planning jurisdiction. The total project cost was offset from a \$45,000 grant obtained through the Tri-County Regional Planning Commission. The County incurred 50% of the cost of the project with the municipalities sharing the other half.

The vendor (EagleView Pictometry) completed enhanced 3" imagery with 4-way obliques within the incorporated portions of the County, 6" imagery for the unincorporated portions, and 9" imagery with 4-way obliques within the unincorporated portions. The flight was completed this spring. Staff recently took possession of the product and has been very impressed with the clarity. See attached invoice.

**Fiscal Impact:** Payment of the City's share of the regional project in an amount of \$13,464.

**Recommendation/**

**Committee Discussion Summary:** The City Council approved the Intergovernmental Agreement on January 7, 2019. Staff recommends approval of the payment to Tazewell County.

**Action Requested:** Approval of the invoice payment at the November 4 City Council meeting on the consent agenda.

**COUNTY OF TAZEVELL**  
**DEPARTMENT OF COMMUNITY DEVELOPMENT**  
**Kristal Bachman, Community Development Administrator**

To: City of Washington
