

CITY OF WASHINGTON, ILLINOIS
City Council Agenda Communication

Meeting Date: April 26, 2021

Prepared By: Chief McCoy and Deputy Chief Stevens

Agenda Item: Increase in Class B liquor Licenses to 14 Ordinance

Explanation: With the recent reclassification of liquor licenses, the need for package liquor licenses, Class B, stands at 14, which will accommodate currently-licensed package liquor businesses and the proposed business, Beck Oil, which has applied for a license.

Fiscal Impact: The fiscal impact is not different than for reclassification, except that adding a new business results in new revenue of \$1,250.00 in FY 2021-22, then \$1,300.00 and \$1,400.00 in subsequent fiscal years.

Action Requested: Approval of the ordinance.
