

**CITY OF WASHINGTON, ILLINOIS**  
**City Council Agenda Communication**

**Meeting Date:** August 2, 2021

**Prepared By:** Dennis Carr, P.E. – City Engineer

**Agenda Item:** North Street Culvert Construction Engineering Agreement

**Explanation:** Staff solicited bids for the reconstruction of North Street Culvert.

The city budgeted to hire a Construction Engineer for the project. With all of the projects going on, City Staff will need to hire a resident engineer that will be on-site for the entirety of the project. This will allow City Staff to shift between the different projects and continue with our daily work. With the project location being so near to Hilldale, we believe there can be savings from shared personnel between the two projects. Stark is also the contractor on Hilldale so there will be consistent points of contact between Stark, Hutchison, and the city to make this a successful project.

**Fiscal Impact:** The agreement with Hutchison is for \$25,000. The FY 20-21 budget includes \$24,000 but we can use \$1,000 from the Testing Geotechnical Services line item as well:

100-003-800-4100

218-000-800-5100

**Recommendation Summary:** Staff requests approval of the engineering agreement with Hutchison for an amount not to exceed \$25,000.

**Action Requested:** City Council to enter into an agreement with Hutchison Engineering Incorporated to perform the Phase 3 Engineering Inspection for the North Street Culvert Reconstruction Project.
