

**CITY OF WASHINGTON, ILLINOIS**  
**Public Safety Committee Agenda Communication**

**Meeting Date:** September 13, 2021

**Prepared By:** Chief McCoy and Deputy Chief Stevens

**Agenda Item:** Purchase of two (2) Harley Davidson Police Motorcycles

**Fiscal Impact:** \$36,000.00

**Action Requested:** Committee support to Council for purchase

Three years ago the City of Washington and the Washington Police Department entered into an agreement with Walters Bros. Harley Davidson for the lease of two Police Motorcycles.

We have found these motorcycles to be extremely important. The use of these cycles for escorts for funerals, public relations, speed enforcement and recruitment is well worth the price.

We have four (4) Certified Motor Patrol Officers, two of which are Sergeants. We have spent dollars on training (2 weeks per person), required essentials for the motorcycles, (radios, lights, etc.) and uniforms. All of which helps the Washington Police Department stand out and demonstrate we are involved.

Walters Brothers had indicated the Kelly Blue Book retail value of these units at \$19,660.00 each. (se attached). They are asking for a price of \$18,000.00 each, or \$36,000.00.

We believe that with the time, training, essentials and the extreme interest we have in these units that it would be a very reasonable purchase.
