

CITY OF WASHINGTON, ILLINOIS
City Council Agenda Communication

Meeting Date: November 15, 2021

Prepared By: Joanie Baxter, CPA – Finance Director *JoB*

Agenda Item: Write-off Uncollectible Accounts

Explanation: A listing of accounts receivable that are being recommended for write-off is attached. The list includes water and sewer receivables for final bills that were sent to Collection between six and nine months ago and are now being recommended for write-off. This is the first of two write-offs for the fiscal year.

If the City Council approves write-off of these accounts, the accounts receivable will be adjusted accordingly, however, should any of the individuals attempt to settle the account or re-establish service in the City, records will be available with this information.

The total accounts being recommended for write-off are summarized below:

Water-utility	\$	1,173.96
Sewer-utility		906.70
General		0.00
Total	\$	<u>2,080.66</u>

These write-offs generally stem from accounts in which customers have skipped out or have left a final bill unpaid and were current with our cutoff policy prior to nonpayment. The steps we have taken to turn off water between residents, make the landlord liable if there isn't a separate shutoff, and implementation of monthly billing and enhanced leak detection due to the Automated Meter System installed in 2016, have all contributed to a decrease in accounts required to be written off. The City continues to have a very high collection rate. The write-off of water utility bills represents a total of .163% and .073% of water and sewer billings, respectively.

Fiscal Impact: This is the first of two write-offs of the fiscal year with the total annual write off projected to be well below the budgeted amounts for FY21-22 of \$4,000 for Water Fund and \$3,500 for Sewer Fund.

Recommendation/Committee Discussion Summary: Pending Finance & Personnel Committee recommendation for approval.

Action Requested: Approval by City Council as part of Consent Agenda.
