

CITY OF WASHINGTON, ILLINOIS

Committee of the Whole Agenda Communication

Meeting Date: May 9, 2022

Prepared By: Jon Oliphant, AICP, Planning & Development Director

Agenda Item: City Wards Redistricting Discussion

Explanation: The City of Washington's 2020 Census population of 16,071 was certified by the Secretary of State late last year. The City's population falls between the range of 15,001 and 20,000, which dictates that there be ten aldermen and five wards. However, municipalities may choose to retain the number of aldermen and wards that existed prior to the most recent decennial census. The City approved the attached resolution in 2011 to maintain the status quo after the 2010 Census population fit into the same range.

State statute dictates that all Illinois cities must redraw their aldermanic wards to be "nearly equal in population, and as compact and contiguous as practicable. It has not been clear what "nearly equal" means, but the U.S. Supreme Court has stated that anything beyond a ten percent deviation creates a presumption of discrimination and therefore must be justified on a legitimate, non-discriminatory basis according to the Illinois Municipal League. Staff has strived to maintain no greater than a two percent difference in ward populations. This would keep the population of each ward at 3,928-4,088.

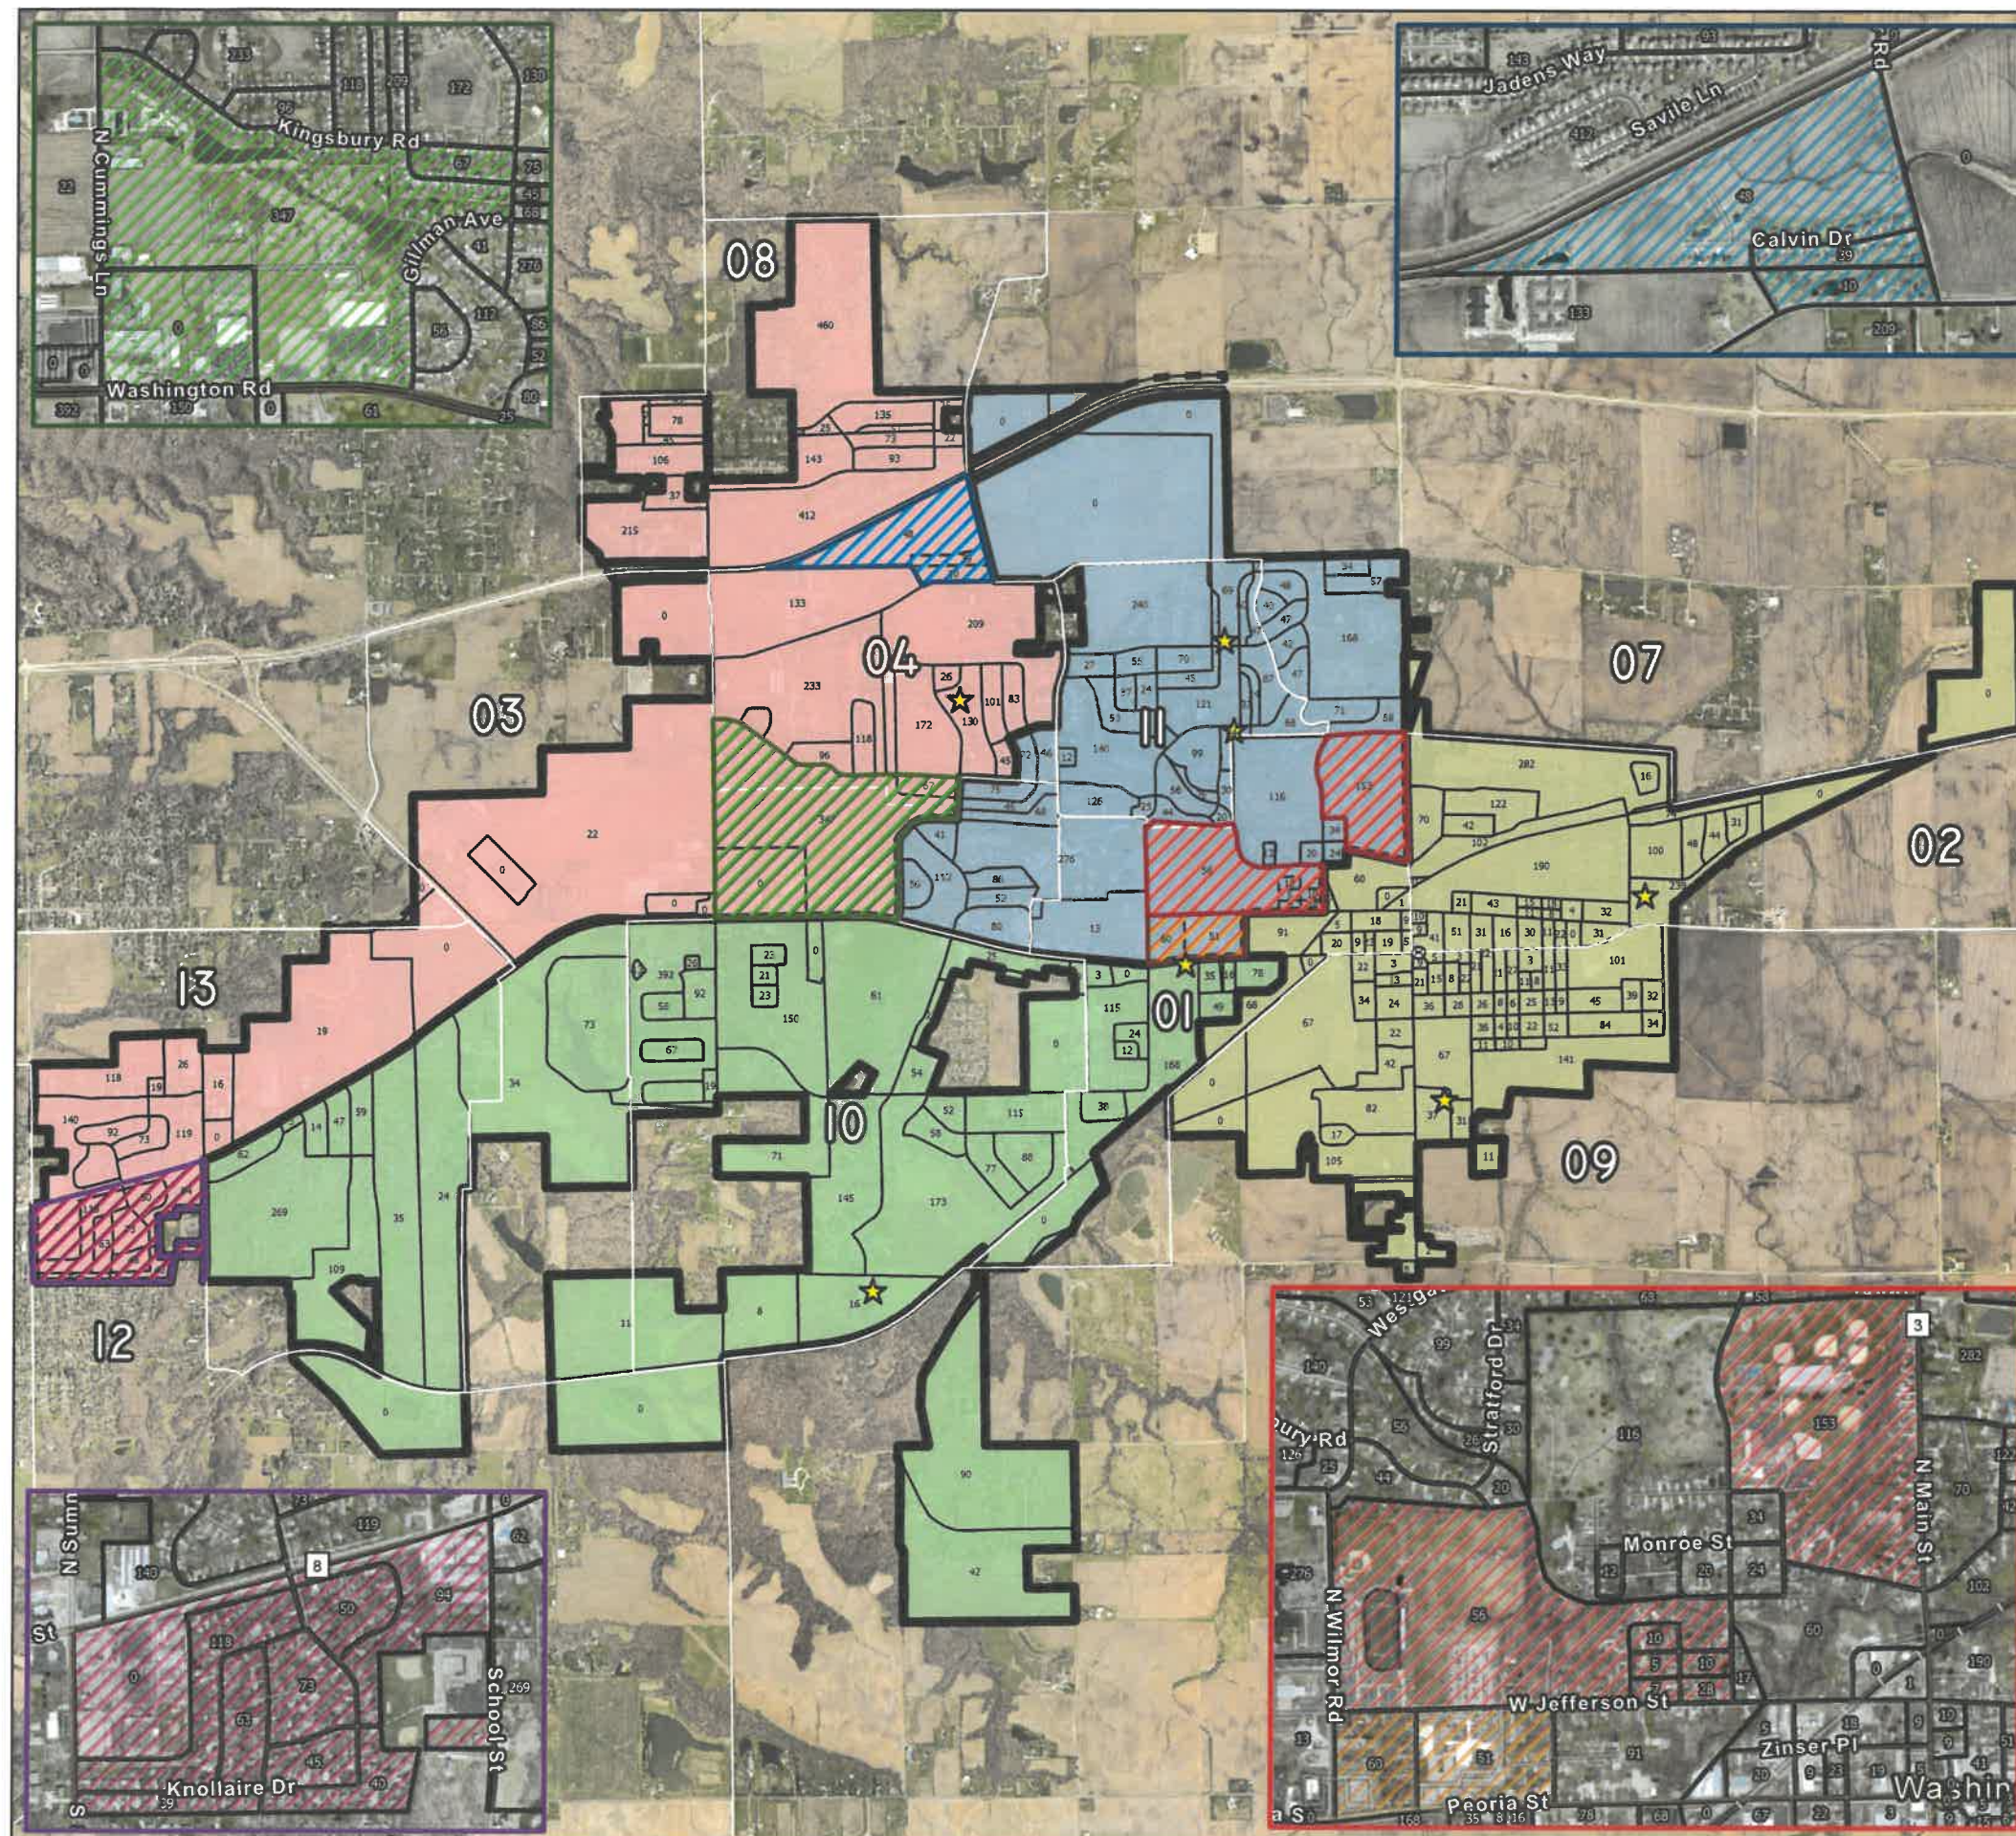

The existing wards map and two draft redistricted maps are enclosed. Much of the City's population growth has been in Ward IV. As can be seen by the table on each of the maps, the current population of Ward IV (5,120) makes up about 32 percent of the City's population. A substantial part of Ward IV must be reconfigured to stay within the two percent deviation of the targeted individual ward population of 4,008.

The two redistricting versions have been generated after looking at numerous possibilities. The populations of each individual Census Block were analyzed to shape the distribution. As was the case during the last redistricting, these primary factors influenced how the initial ward options were drafted:

- Respecting primary geographic boundaries (Route 8, BR 24, etc.) whenever possible
- The addresses of the existing aldermen
- No precinct is divided between more than two wards
- Keeping the wards as compact and contiguous as possible

Fiscal Impact: N/A

Action Requested: Feedback at the April 11 Committee of the Whole meeting on the draft redistricting options. These are presented as alternatives to open the discussion and staff has no pride of authorship of them. Additionally, staff requests feedback on whether to retain having eight aldermen and four wards. If the consensus is to keep the status quo, a resolution will be scheduled for approval at the April 18 City Council meeting. Should there be interest in having ten aldermen and five wards, staff would request direction on the general geography of a fifth ward that can be used to generate new map options for discussion at a future meeting. According to state law, the redistricting must be completed not less than 30 days before the first day for filing candidate petitions under the general election law for the next succeeding election of the City Council, which would require that it be approved via ordinance by mid-November.
