

CITY OF WASHINGTON, ILLINOIS

City Council Agenda Communication

Meeting Date: April 10, 2023

Prepared By: Jon Oliphant, AICP, Planning & Development Director

Agenda Item: Public Hearing and First Reading Ordinance – Proposed Enterprise Zone Boundary Expansion

Explanation: The current Northern Tazewell County Enterprise Zone (EZ) boundaries were certified on December 17, 2015, by the Illinois Department of Commerce and Economic Opportunity (DCEO). The City of East Peoria, Village of Germantown Hills, City of Washington, Tazewell County, and Woodford County previously submitted an application to DCEO to request the designation of a new EZ. The EZ is a wonderful tool that aids projects to facilitate job creation and private investment. The EZ is in effect for 15 years, expiring on December 31, 2030. While not a Participant, Woodford County remains a signatory because of a connecting strip on Illinois Route 116 to connect the northern boundary of Tazewell County to the Germantown Hills portion of the EZ. Prior to the submittal of the EZ application to DCEO, each of the entities approved ordinances, resolutions, and an Intergovernmental Agreement that, among various parameters, established a maximum square mileage that each Participant is allocated for the potential for future expansions.

Miller Custom Welding opened its business at 160 N. Wilmor Road in 2018 following the approval of a rezoning and special use to allow for its operation at that location. A subsequent rezoning and special use were approved in February 2023 to allow for the business to expand onto the adjacent undeveloped parcel to the west. Neither of these parcels, which total approximately 2.37 acres (0.0037 square miles), are currently in the EZ, as both were zoned R-1 (Single- and Two-Family Residential) at the time of the 2014 approval of the new EZ by the State of Illinois and did not allow for a non-residential use. Expanding the EZ to cover these parcels would provide a beneficial economic development incentive that is currently available to most non-residential properties in the Washington city limits as well as for other properties that are within the jurisdictions that encompass part of the EZ. Miller Custom Welding would like to construct a new building on the undeveloped parcel later this year and the EZ would provide financial assistance to a small business to construct a new building and enlarge its operation.

DCEO oversees the Illinois EZ program. One of the requirements of a proposed EZ boundary expansion is to hold a public hearing to receive any public comment prior to the submittal of an application to DCEO. A map showing the two parcels proposed to be added to the EZ is attached.

Fiscal Impact: Properties within the EZ that undertake qualifying projects that require a building permit are eligible for the following incentives:

- A 5-year property tax abatement that takes effect upon the first full year of assessment following the completion and closeout of a project;
- A sales tax waiver on building materials that are permanently incorporated into the real estate;
- A 50% reduction in the cost of the utility connection fee (to no lower than the residential utility connection fee rate); and
- A 50% reduction in the cost of the building permit fee.

Action Requested: The public hearing is scheduled for April 17 at 6:30 pm prior to the regularly scheduled City Council meeting. A revised EZ designation first reading ordinance to approve an amended intergovernmental agreement is scheduled for the April 17 Council meeting and a second reading will be scheduled for the May 1 meeting. Each of the other jurisdictions that are part of the EZ (East Peoria, Germantown Hills, Tazewell County, and Woodford County) have also been asked to approve a revised ordinance and amended intergovernmental agreement. Each of those must be approved prior to the application submittal to DCEO. Its review is anticipated to take 90 days and the hope is to have the boundary expansion approved by late this summer.

AN ORDINANCE DESIGNATING AN ENTERPRISE ZONE WHICH INCLUDES TERRITORY LOCATED WITHIN THE CORPORATE LIMITS OF THE CITY OF WASHINGTON AND APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF WASHINGTON AND OTHER UNITS OF LOCAL GOVERNMENT PARTICIPATING IN THE DESIGNATION OF THE ENTERPRISE ZONE

WHEREAS, the Illinois Enterprise Zone Act found at 20 ILCS 655/1 et. seq., (the "Enterprise Zone Act") authorizes the designation and certification of enterprise zones which provide various incentives, some of which are locally determined, to encourage the creation and expansion of business enterprises; and

WHEREAS, the Enterprise Zone Act authorizes cities, villages and counties to jointly submit applications for the designation of enterprise zones; and

WHEREAS, the City of East Peoria ("East Peoria"), the City of Washington ("Washington"), the Village of Germantown Hills ("Germantown Hills") and the County of Tazewell ("Tazewell") have worked cooperatively to develop a joint application (the "Application") for the certification of an enterprise zone located within or near their respective corporate limits; and

WHEREAS, as required by the Enterprise Zone Act in connection with the submission of a joint application to designate an enterprise zone, East Peoria, Washington, Tazewell and Germantown Hills (sometimes hereinafter referred to collectively as the "Participants") have negotiated an intergovernmental agreement in the form attached hereto labeled as "Attachment A" (the "Intergovernmental Agreement");

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF WASHINGTON, TAZEVELL COUNTY, ILLINOIS, THAT:

Section 1. Washington hereby designates an enterprise zone (the "Enterprise Zone") as more particularly described at Exhibit A of the Intergovernmental Agreement and shown at Exhibit B of the Intergovernmental Agreement. The designation of the Enterprise Zone is subject to the approval of the Illinois Department of Commerce and Economic Opportunity ("DCEO") in accordance with the terms and conditions of the Enterprise Zone Act.

Section 2. Based on information and data set forth in the Application, the City Council of the City of Washington hereby finds and determines that the Enterprise Zone meets the following criteria for designation and certification established by Section 4 of the Enterprise Zone Act:

Criterion 1. Unemployment within the Local Labor Market Area.

Fifteen separate census tracts in the local labor market area (the "LLMA") as defined in the Application have an average unemployment rate of at least 120% of the average unemployment rate of the State of Illinois for the most recent calendar year.

Criterion 2. Designation will result in Substantial Employment Opportunities in the Local Labor Market Area.

Designation of the Enterprise Zone will result in the development of substantial employment opportunities within the LLMA over the 15 year life of the Enterprise Zone by providing employment opportunities for persons with a wide range of skills, thereby helping to alleviate the effects of poverty and unemployment within the LLMA.

Criterion 3. Poverty within the Local Labor Market Area.

Twenty separate census tracts located within the LLMA have a poverty rate of at least 20%.

Criterion 4. Abandoned coal mines, Brownfields or Federal Disaster Areas within the Enterprise Zone.

The Enterprise Zone includes the following:

- A. A priority level 1 abandoned coal mine listed on the Illinois Department of Natural Resources abandoned mine locator.
- B. An unused underground coal mine identified by records on file with the Illinois State Geological Survey which has been out of service for over ten years and has, therefore, been deemed abandoned by the Illinois State Geological Survey.
- C. Two Brownfield sites listed in the Illinois Environmental Protection Agency Site Remediation Program Data Base.
- D. Territory which was identified as a federal disaster area in a notice published in the Federal Register as a result of a tornado occurring within the Enterprise Zone on November 17, 2013.

- E. 227 miscellaneous environmental hazards including leaking underground storage tanks and improperly placed accumulations of hazardous wastes, solid wastes, refuse and/or scrap tires.

Criterion 5. Large Scale Plant closings within the Local Labor Market Area.

Large employers have on 29 different occasions downsized or closed facilities affecting more than 50 workers in the LLMA within five years prior to the date of the Application. Furthermore, large employers have on 46 different occasions downsized or closed facilities affecting more than 50 workers in the LLMA within the ten year period prior to the date of the Application.

Criterion 6. High vacancy rates for industrial and commercial properties in the Local Labor Market Area.

Vacant or demolished commercial and industrial structures are prevalent in the LLMA. A significant number of industrial structures in the LLMA are not used because of age, deterioration, relocation of the former occupants or cessation of operation.

Criterion 7. Existence of a Tax Base Improvement Plan.

The Application includes a plan demonstrating that designation of the Enterprise Zone will improve the state and local sales tax base, the state income tax base and the property tax base to the benefit of the State of Illinois and the local taxing bodies affected by the Enterprise Zone.

Criterion 8. Existence of a Public Infrastructure Plan.

Each Participant has provided an inventory demonstrating that significant public infrastructure exists in the LLMA to support economic development at the time of the Application. Each Participant has also submitted with the Application a three year public infrastructure improvement and development plan which lists proposed capital improvement projects, provides a plan for financing the projects, provides a timetable for construction or completion of the projects and includes justification for the projects. Finally, the Participants have submitted an area wide transportation study showing long range goals for improvement of transportation within the LLMA.

Criterion 9. Availability of Manufacturing Skills Programs.

High schools and community colleges located within the LLMA offer manufacturing skills programs including ACT work keys, manufacturing skills standard certification and industry based credentials that prepare students for careers.

Section 3. The following tax incentives and other benefits shall be offered exclusively in the Enterprise Zone:

The Owner of newly constructed improvements to real estate intended to accommodate new or expanded commercial or industrial operations (an "Eligible Improvement") may receive an abatement of real estate taxes levied by taxing districts which have approved such an abatement subject to the following conditions:

A. The abatement shall apply only to the real estate taxes corresponding to an increase in equalized assessed valuation after an Eligible Improvement has been duly assessed. The abatement shall not exceed the amount of such taxes attributable solely to the Eligible Improvement.

B. The abatement shall apply only to Eligible Improvements commenced within the Enterprise Zone after designation of the Enterprise Zone by the Participants and certification of the Enterprise Zone by DCEO after approval of the Enterprise Zone by the Enterprise Zone Board created by the Enterprise Zone Act.

C. The abatement for an Eligible Improvement shall be in effect only for a period of five years commencing with the first year after the Eligible Improvement has been assessed.

D. While the abatement is in effect with respect to an Eligible Improvement, each taxing district shall each year continue to receive all real estate taxes corresponding to the equalized assessed valuation of the parcel upon which the Eligible Improvement is located and all structures or parts of structures on the parcel other than the Eligible Improvement.

E. An abatement of real estate taxes authorized by the taxing districts shall not take effect after the expiration of the Enterprise Zone, but any abatement which commences prior to expiration of the Enterprise Zone shall continue for five years even if the Enterprise Zone expires during that five year period.

F. The abatement of real estate taxes authorized by taxing districts shall also apply within territory lawfully added to the Enterprise Zone subsequent to its initial certification by DCEO and shall also apply during any lawfully authorized extension of the term of the Enterprise Zone.

G. The abatement of real estate taxes authorized by the taxing districts shall apply only to commercial and industrial facilities and shall

not apply to single family residences or to multiple family residential facilities.

H. No real estate tax abatement shall be available to any Eligible Improvement located within the boundaries of any tax increment financing district designated by a Participant.

Upon the submission of an application for a building permit for a project deemed by the Participant to qualify as an Eligible Improvement, fees for building permits required prior to construction of the Eligible Improvement shall be reduced by 50%.

Any incentives offered within an enterprise zone by the State of Illinois shall be available within the Enterprise Zone.

Section 4. The term of the Enterprise Zone shall be fifteen years from the date the Enterprise Zone is certified by DCEO.

Section 5. As provided in the Intergovernmental Agreement, an Administrative Board consisting of four members, one of which shall be appointed by each Participant, shall select the Zone Administrator.

Section 6. The duties of the Zone Administrator shall be as follows:

- A. Serve as a liaison between the Participants, DCEO and any Designated Zone Organization established within the Enterprise Zone.
- B. Post a copy of the boundaries of the Enterprise Zone on official internet websites of the Participants;
- C. Provide an electronic copy of the boundaries of the Enterprise Zone to DCEO;
- D. Collect and aggregate information regarding the estimated cost of each commercial or industrial building project undertaken within the Enterprise Zone broken down into labor and materials;
- E. Within 60 days after the completion of any commercial or industrial building project undertaken within the Enterprise Zone, determine the cost of the building project broken down into labor and materials;
- F. By April 1 of each year file a copy of the fee schedule established under the terms of this Agreement with DCEO; and
- G. Such other duties as may from time to time be assigned by the Administrative Board.

Section 7. This Ordinance is in addition to all other ordinances on the subject and shall be construed therewith excepting as to that part in direct conflict with any other ordinance, and in the event of such conflict, the provisions hereof shall govern.

Section 8. This Ordinance shall be in full force and effect from and after its passage and approval in the manner provided by law.

2.5 Designation of the Enterprise Zone. The governing body of each Participant has passed and approved a Designating Ordinance meeting all requirements imposed by Section 5 of the Enterprise Zone Act. The Designating Ordinance also approves this Agreement.

2.6 Participation by Woodford County. Woodford is a signatory to this Agreement only because a connecting strip having a width of three feet adjacent to the centerline of Illinois Route 116 is necessary to connect the northern boundary of Tazewell County to the Germantown Hills Component of the Enterprise Zone. That connecting strip is under the jurisdiction of Woodford and not under the jurisdiction of any of the Participants. Woodford is not defined as a Participant under the terms of this Agreement. While Woodford has joined in the designation of the Enterprise Zone,

Woodford will not participate in administration of the Enterprise Zone pursuant to Article III of this Agreement and no territory in Woodford County outside of the corporate limits of Germantown Hills is eligible for the incentives provided by Article IV of this Agreement. The Participants shall hold Woodford harmless from any costs associated with its execution of this Agreement.

ARTICLE III

ADMINISTRATION OF THE ENTERPRISE ZONE

3.1 Administrative Board. The Participants hereby establish an Administrative Board consisting of four members, one of which shall be selected by each Participant. The Administrative Board shall have the following authority and responsibilities:

- A. Selection of the Zone Administrator as provided at paragraph 3.2 of this Agreement;
- B. Supervision of the performance of the Zone Administrator with respect to the duties of the Zone Administrator as assigned under the terms of this Agreement. The Administrative Board shall have no authority to supervise the performance of other duties unrelated to the administration of the Enterprise Zone which may be performed by the Zone Administrator in his or her capacity as an officer or employee of any Participant;
- C. If deemed necessary by the Administrative Board in its sole discretion, the Administrative Board may suspend the Zone Administrator from the performance of duties under the terms of this Agreement or terminate the authority of the Zone Administrator to act under the terms of this Agreement;
- D. Any person aggrieved by a decision of the Zone Administrator may within a reasonable time appeal that decision in writing to the Administrative Board. The Administrative Board has the authority to reverse, revise or affirm decisions of the Zone Administrator; and
- E. To engage in such other activities as may be necessary to insure the proper administration of the Enterprise Zone.

The Administrative Board shall operate in accordance with the requirements of the Open Meetings Act (5 ILCS 120/1 et. seq.). Decisions by the Administrative Board shall require the concurrence of three of the four members of such board.

3.2 Zone Administrator. The Administrative Board established as provided Section 3.1 of this Agreement shall select a Zone Administrator for the Enterprise Zone. The Zone Administrator must be an officer or employee of one of the Participants. The Zone Administrator shall be the liaison between the Participants, DCEO and any

Designated Zone Organization established within the Enterprise Zone. The Zone Administrator shall perform those duties assigned to the administrator under the terms and conditions of the Enterprise Zone Act including those assigned at 20 ILCS 655/8 and 8.2 and at 14 ILADC 520.400. Those duties are included among the following duties hereby assigned to the Zone Administrator:

- A. Post a copy of the boundaries of the Enterprise Zone on official internet websites of the Participants;
- B. Provide an electronic copy of the boundaries of the Enterprise Zone to DCEO;
- C. Collect and aggregate information regarding the estimated cost of each commercial or industrial building project undertaken within the Enterprise Zone broken down into labor and materials;
- D. Within 60 days after the completion of any commercial or industrial building project undertaken within the Enterprise Zone, determine the cost of the building project broken down into labor and materials;
- E. By April 1 of each year file a copy of the fee schedule established under the terms of this Agreement with DCEO; and
- F. To the extent required by the Enterprise Zone Act or any other applicable authority, submit any documentation necessary to qualify an Owner to receive sales tax or other incentives available from the State of Illinois.
- G. Maintain and update the map and description of the Enterprise Zone to reflect changes resulting from amendments to the boundaries of the zone made from time to time by the Participants and certified by DCEO.
- H. Such other duties as may from time to time be assigned by the Administrative Board.

The Participants anticipate that the person employed by Tazewell as its economic development coordinator will be selected by the Administrative Board as Zone Administrator. Upon certification of the Enterprise Zone by DCEO, the Participants acting through the Administrative Board shall determine the manner in which the cost of services provided by the Zone Administrator shall be apportioned among the Participants.

3.3 Designated Zone Organizations. Each Participant may in its discretion create a Designated Zone Organization to assist in the administration of that component of the Enterprise Zone under the jurisdiction of the Participant. Two or more Participants may jointly create a Designated Zone Organization to assist in the administration of those components of the Enterprise Zone under the jurisdiction of the

creating Participants. Substantially all of the members of any Designated Zone Organization shall be residents of the Enterprise Zone. The Board of Directors of a Designated Zone Organization shall be elected by members of the organization. Any Designated Zone Organization shall satisfy the criteria set forth at Section 501(c)(3) or Section 501(c)(4) of the Internal Revenue Code. A Designated Zone Organization shall exist primarily for the purpose of performing within all or any portion of the Enterprise Zone the various functions set forth at Section 8 of the Enterprise Zone Act. However, no Designated Zone Organization shall have authority to perform any function identified at Section 8 of the Enterprise Zone Act unless a Participant has by ordinance delegated such authority to the Designated Zone Organization to be exercised within the Participant's component of the Enterprise Zone.

3.4 Enterprise Zone Fees. No Owner shall be eligible to receive the incentives available for an Eligible Improvement unless the Owner first pays a fee to the Participant having jurisdiction over the location of the Eligible Improvement in the amount of .5% of the cost of building materials incorporated into an Eligible Improvement with a maximum fee of \$50,000.

ARTICLE IV

INCENTIVES OFFERED IN ENTERPRISE ZONE

4.1 Abatement of Real Estate Taxes on Eligible Improvements. The Owner of an Eligible Improvement may upon payment of the fee provided by paragraph 3.4 of this Agreement receive an abatement of real estate taxes levied by Taxing Districts which have approved an abatement of such taxes against Eligible Improvements subject to the following conditions:

A. The abatement shall apply only to the real estate taxes corresponding to an increase in equalized assessed valuation after an Eligible Improvement has been duly assessed. The abatement shall not exceed the amount of such taxes attributable solely to the Eligible Improvement.

B. The abatement shall apply only to Eligible Improvements commenced within the Enterprise Zone after designation of the Enterprise Zone by the Participants and certification of the Enterprise Zone by DCEO after approval of the Enterprise Zone by the Enterprise Zone Board.

C. The abatement for an Eligible Improvement shall be in effect only for a period of five years commencing with the first year after the Eligible Improvement has been assessed.

D. While the abatement is in effect with respect to an Eligible Improvement, each Taxing District shall each year continue to receive all real estate taxes corresponding to the equalized assessed valuation of the parcel upon which the

Eligible Improvement is located and all structures or parts of structures on the parcel other than the Eligible Improvement.

E. An abatement of real estate taxes authorized by the Taxing Districts shall not take effect after the expiration of the Enterprise Zone, but any abatement which commences prior to expiration of the Enterprise Zone shall continue for five years even if the Enterprise Zone expires during that five year period.

F. The abatement of real estate taxes authorized by Taxing Districts shall also apply within territory lawfully added to the Enterprise Zone subsequent to its initial certification by DCEO and shall also apply during any lawfully authorized extension of the term of the Enterprise Zone.

G. The abatement of real estate taxes authorized by the Taxing Districts shall apply only to commercial and industrial facilities and shall not apply to single family residences or to multiple family residential facilities.

4.2 Abatement Resolutions from Taxing Districts. Each Participant shall be responsible for securing resolutions from each Taxing District having territory located within that Participant's component of the Enterprise Zone authorizing an abatement of real estate taxes on Eligible Improvements under the terms and conditions set forth in paragraph 4.1 of this Agreement.

4.3 Abatements Inapplicable to TIF Districts. Anything in this Agreement to the contrary notwithstanding, no real estate tax abatement shall be available to any Eligible Improvement located within the boundaries of any TIF district designated by a Participant.

4.4 Issuance of Certificate of Eligibility. Each Participant shall have exclusive jurisdiction to determine whether or not an improvement within its component of the Enterprise Zone constitutes an Eligible Improvement which will receive the incentives available under the terms of this Agreement. Upon a determination by a Participant that improvements to real estate within the Enterprise Zone constitute an Eligible Improvement which will receive an abatement of real estate taxes to the extent approved by the Taxing District, an authorized representative of the Participant (which may in the discretion of each Participant be the Zone Administrator) shall issue a certificate of eligibility to the Owner of the Eligible Improvement. It shall be the responsibility of the Owner to file the certificate of eligibility with the County Clerk of the county in which the Eligible Improvement is located and to verify the application of the abatement.

4.5 Reduced Fees for Building Permits. Upon the submission of an application for a building permit for a project deemed by the Participant to qualify as an Eligible Improvement, fees for building permits required prior to construction of the Eligible Improvement shall be reduced by 50% in East Peoria, Washington, and Germantown Hills and 100% in Tazewell County.

4.6 Availability of State Incentives. Nothing in this Agreement shall be interpreted to preclude the availability of incentives offered by the State of Illinois under the terms of the Enterprise Zone Act or any other authority.

ARTICLE V

EXPANSION OF BOUNDARIES AND OTHER AMENDMENTS

5.1 Area of Participant Components. The Participants stipulate that the area of each of their individual components of the Enterprise Zone is as follows:

East Peoria Component	5.99	square miles of an available total of 7.75
Washington Component	2.58	square miles of an available total of 4.75
Tazewell Component	1.14	square miles of an available total of 1.5
Germantown Hills Component	<u>.17</u>	square miles of an available total of 1
Total	9.88	square miles of an available total of 15

Because the Enterprise Zone is located within the jurisdiction of four or more counties or municipalities, it appears that the maximum area of the Enterprise Zone is 15 square miles. Because the area of the Enterprise Zone as currently described has a total area of 9.88 square miles, the Enterprise Zone may be eligible pursuant to Section 5.4 of the Enterprise Zone Act for an amendment to expand the boundaries of the Enterprise Zone. That area available for potential expansion is hereby allocated among the Participants in the following fashion:

East Peoria	1.76 square miles
Washington	2.17 square miles
Tazewell	0.36 square miles
Germantown Hills	<u>0.83</u> square miles
Total	5.12 square miles

Except as hereinafter provided, no Participant may seek additions to its component of the Enterprise Zone which in the aggregate exceed that allocation. In the event any Participant desires to seek one or more expansions of that portion of the Enterprise Zone within its jurisdiction with an area which in the aggregate exceeds the aforementioned allocation, one or more other Participants may allocate all or any portion of their unutilized allocation to other Participants. In no event shall the area of the Enterprise Zone exceed 15 square miles.

5.2 Procedure For Expansion of Boundaries. Any Participant may in its discretion and without the consent of any other Participant apply to DCEO to expand the boundaries of that portion of the Enterprise Zone located within the corporate limits of the Participant subject to the limitations in the area of such expansion imposed by paragraph 5.1 of this Agreement. Any Participant seeking expansion of the Enterprise

Zone within its jurisdiction shall pay all costs associated with the application and any approved expansion.

5.3 Other Amendments. Any amendment of the Enterprise Zone other than an expansion of the boundaries as authorized by paragraphs 5.1 and 5.2 of this Agreement and any amendment of this Agreement shall require the unanimous consent of all Participants.

ARTICLE VI

GENERAL PROVISIONS

6.1 Breach and Opportunity to Cure. Before any failure of any Participant to perform its obligations under this Agreement shall be deemed to be a breach of this Agreement, the Participant or Participants claiming such failure to perform shall notify in writing the Participant alleged to have failed to perform of the alleged failure and shall demand performance. No breach of this Agreement may be found to have occurred if performance is completed to the reasonable satisfaction of the complaining Participant or Participants within thirty (30) days after receipt of such notice, or in the case of a failure which by its nature takes in excess of thirty (30) days to cure, such longer period of time as may be reasonably necessary to cure the same provided that the curing Participant is pursuing said cure with due diligence.

6.2 Amendment. This Agreement and any exhibits attached hereto may be amended only by the mutual consent of all Participants by the adoption of appropriate ordinances by the governing bodies of the Participants approving said amendment as provided by law and by the execution of said amendment by the Participants.

6.3 No Other Agreements. Except as otherwise expressly provided herein, this Agreement supersedes all prior agreements, negotiations and discussions relative to the subject matter hereof and fully integrates the agreement of the Participants.

6.4 Consent. Except as otherwise provided herein, whenever consent or approval of any Participant is required, such consent or approval shall not be unreasonably withheld or unduly delayed.

6.5 Paragraph Headings. Paragraph headings and references are for the convenience of the Participants and are not intended to limit, vary, define or expand the terms and provisions contained in this Agreement and shall not be used to interpret or construe the terms and provisions of this Agreement.

6.6 Severability. If any provision, covenant, or portion of this Agreement or its application to any person, entity or property is held invalid, such invalidity shall not affect the application or validity of any other provisions, covenants or portions of this Agreement (and to that end, any provisions, covenants, or portion of this Agreement are declared to be severable).

6.7 Applicable Law. This Agreement shall be construed in accordance with the laws and decisions of the State of Illinois.

6.8 Notices. All notices herein shall be in writing and shall be deemed to be effective as of the date of actual delivery if by personal delivery or as of the third day from and including the day of posting if mailed by certified or registered mail return receipt requested with postage prepaid:

COUNTY OF TAZEWELL, ILLINOIS, AND THE COUNTY OF WOODFORD,

This Amendment to the Intergovernmental Agreement Regarding An Enterprise Zone Located in Northern Tazewell and Southern Woodford Counties (this “Amendment”) is made on or as of the ___ day of _____, 2023, by and between the City of East Peoria, an Illinois municipal corporation (“East Peoria”), the City of Washington, an Illinois municipal corporation (“Washington”), the Village of Germantown Hills, an Illinois municipal corporation (“Germantown Hills”), the County of Tazewell (“Tazewell”) and the County of Woodford (“Woodford”). East Peoria, Washington, Germantown Hills, Tazewell, and Woodford are collectively referred to herein as the “Jurisdictions.”

RECITALS

A. This Amendment is authorized pursuant to the Intergovernmental Cooperation Act codified at 5 ILCS 220/1 *et. seq.* and by Article 7, Section 10, of the Constitution of the State of Illinois.

B. The Illinois Enterprise Zone Act codified at 20 ILCS 655/1 *et. seq.*, including regulations or administrative procedures promulgated thereunder (collectively, the “Act”) authorizes the designation and certification of enterprise zones which provide various incentives, some of which are locally determined, to encourage the creation and expansion of business enterprises.

C. The Jurisdictions submitted a joint application to the Illinois Department of Commerce and Economic Opportunity (“DCEO”) for the certification of a new enterprise zone (the “Enterprise Zone”) in 2014 located within or near the corporate limits of the Jurisdictions.

D. The Jurisdictions each adopted respective ordinances, resolutions and the original Intergovernmental Agreement Regarding An Enterprise Zone Located in Northern Tazewell and Southern Woodford Counties (the “Original Agreement”) establishing the Enterprise Zone.

E. On December 17, 2015, the DCEO issued an Enterprise Zone Certificate for the Enterprise Zone, which provided that such zone shall be in effect for an initial fifteen (15) calendar years expiring upon December 31, 2030.

F. The Jurisdictions have determined that it is necessary, desirable, and in the best interests to add territory to the Enterprise Zone and amend the Original Agreement entered into by the Jurisdictions.

G. The Jurisdictions have determined that adding additional territory to the Enterprise Zone would provide an immediate, substantial utility or benefit to the Enterprise Zone and the residents or businesses contained within such zone by creating or retaining specific jobs, removing or correcting an impediment to economic development which exists within the Enterprise Zone, and/or stimulating neighborhood residential or commercial revitalization.

H. Even after the inclusion of the additional territory to the Enterprise Zone, the Enterprise Zone is a contiguous area, it comprises of a minimum of one-half square mile and not more than sixteen square miles in total area, and the additional territory is consistent with the character, purposes and objectives of the established Enterprise Zone, and is not detrimental to the public and private interests served by the Enterprise Zone.

I. The additional territory would remain contiguous and meet the qualifications of Section 4 of the Act in accordance with Section 5(b)(i) of the Act.

J. The Jurisdictions have determined that it is in the best interests of the Jurisdictions and each of the residents of the Jurisdictions to enter into this Amendment to add territory to the Enterprise Zone.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing recitals and in consideration of the mutual covenants and agreements hereinafter set forth, the Jurisdictions agree as follows:

Section 1: The recitals as set forth above, are incorporated herein as though fully set forth and shall be considered the express findings of the Jurisdictions hereto.

Section 2: The Original Agreement (as well as Exhibit A and Exhibit B of the Original Agreement) is hereby amended such that the real property which comprises the Enterprise Zone shall add that certain real property legally described on Exhibit A.1 attached hereto and made a part hereof (such real property is also depicted on that certain map attached hereto and made a part hereof as Exhibit B.1); and that amended territory is hereby designated part of the Enterprise Zone pursuant to, and in accordance with, the Act.

Section 3: A separate page of Permanent Index Numbers (PINs) for the territory to be added to the Enterprise Zone is attached hereto as Exhibit C.1., for recording purposes.

Section 4: Section 5.1 of the Original Agreement is hereby amended to provide as follows:

“5.1 Area of Participant Components. The Participants stipulate that the area of each of their individual components of the Enterprise Zone, as amended, is as follows:

East Peoria Component	5.99	square miles of an available total of 7.75
Washington Component	2.5837	square miles of an available total of 4.75
Tazewell Component	1.14	square miles of an available total of 1.5
Germantown Hills Component	<u>0.17</u>	square miles of an available total of 1

Total 9.8837 square miles of an available total of 15

Because the Enterprise Zone is located within the jurisdiction of four or more counties or municipalities, as of the effective date of the Enterprise Zone, it appears that the maximum area of the Enterprise Zone is 16 square miles. Because the area of the Enterprise Zone as currently described has a total area of 9.8837 square miles, the Enterprise Zone may be eligible pursuant to Section 5.4 of the Enterprise Zone Act for an amendment to expand the boundaries of the Enterprise Zone. That area available for potential expansion is hereby allocated among the Participants in the following fashion:

East Peoria	1.76 square miles
Washington	2.1663 square miles
Tazewell	0.36 square miles
Germantown Hills	<u>0.83</u> square miles
Total	5.1163 square miles

Except as hereinafter provided, no Participant may seek additions to its component of the Enterprise Zone which in the aggregate exceed that allocation. In the event any Participant desires to seek one or more expansions of that portion of the Enterprise Zone within its jurisdiction with an area which in the aggregate exceeds the aforementioned allocation, one or more other Participants may allocate all or any portion of their unutilized allocation to other Participants. In no event shall the area of the Enterprise Zone exceed 16 square miles.”

Section 5: Even after this Amendment is executed by the Jurisdictions hereto, Woodford remains a signatory to this Amendment only because a connecting strip having a width of three feet adjacent to the centerline of Illinois Route 116, which is under the exclusive jurisdiction of Woodford, is necessary to connect the northern boundary of Tazewell County to the Germantown Hills Component (as such term is defined within the Original Agreement) of the Enterprise Zone. Aside from executing this Amendment and any other documentation necessary to add territory to the Enterprise Zone, as provided herein, Woodford shall have no further obligation related to the Enterprise Zone.

Section 6: Except as otherwise amended or provided in this Amendment, the Original Agreement shall remain in full force and effect and is attached hereto and made part hereof as Exhibit D.1.

Section 7: In the event of any conflict or inconsistency between the terms and provisions of this Amendment and the Original Agreement (without giving effect to the amendments contained herein), the terms and conditions of this Amendment shall no longer have any force or effect.

Section 8: This Amendment may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. Counterparts to this Amendment may be executed by hand or by any electronic signature

(including www.docusign.com) complying with the U.S. federal E-SIGN Act of 2000, and executed counterparts may be delivered via facsimile, electronic mail or other similar transmission method, and any executed counterpart so delivered shall be valid and effective for all purposes, with the same effect as if the signatures thereto were upon a single instrument.

Section 9: This Amendment constitutes the entire agreement of the Jurisdictions with respect to the Enterprise Zone and any prior writings or agreements with respect thereto are superseded. If any provision of this Amendment will be held invalid under any applicable law, such invalidity will not affect any other provision of this Amendment that can be given effect without the invalid provision, and, to this end, the provisions hereof are severable.

Section 10: This Amendment may be further modified only by a writing signed on behalf of each of the Jurisdictions hereto.

Section 11: Subject to the terms and conditions hereof, each of the Jurisdictions hereto will use its best efforts to take, or cause to be taken, such actions and will cause to be executed and delivered such documents and instruments, and will cause to be done all things necessary, proper or advisable to consummate and make effective the modifications to the Enterprise Zone, as contemplated by this Amendment.

**Exhibit D.1 – Copy of the Intergovernmental Agreement Regarding An Enterprise Zone
Located in Northern Tazewell and Southern Woodford Counties**

AN ORDINANCE DESIGNATING AN ENTERPRISE ZONE WHICH INCLUDES TERRITORY LOCATED WITHIN THE CORPORATE LIMITS OF THE CITY OF WASHINGTON AND APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF WASHINGTON AND OTHER UNITS OF LOCAL GOVERNMENT PARTICIPATING IN THE DESIGNATION OF THE ENTERPRISE ZONE

WHEREAS, the Illinois Enterprise Zone Act found at 20 ILCS 655/1 et. seq., (the "Enterprise Zone Act") authorizes the designation and certification of enterprise zones which provide various incentives, some of which are locally determined, to encourage the creation and expansion of business enterprises; and

WHEREAS, the Enterprise Zone Act authorizes cities, villages and counties to jointly submit applications for the designation of enterprise zones; and

WHEREAS, the City of East Peoria ("East Peoria"), the City of Washington ("Washington"), the Village of Germantown Hills ("Germantown Hills") and the County of Tazewell ("Tazewell") have worked cooperatively to develop a joint application (the "Application") for the certification of an enterprise zone located within or near their respective corporate limits; and

WHEREAS, as required by the Enterprise Zone Act in connection with the submission of a joint application to designate an enterprise zone, East Peoria, Washington, Tazewell and Germantown Hills (sometimes hereinafter referred to collectively as the "Participants") have negotiated an intergovernmental agreement in the form attached hereto labeled as "Attachment A" (the "Intergovernmental Agreement");

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF WASHINGTON, TAZEWEEL COUNTY, ILLINOIS, THAT:

Section 1. Washington hereby designates an enterprise zone (the "Enterprise Zone") as more particularly described at Exhibit A of the Intergovernmental Agreement and shown at Exhibit B of the Intergovernmental Agreement. The designation of the Enterprise Zone is subject to the approval of the Illinois Department of Commerce and Economic Opportunity ("DCEO") in accordance with the terms and conditions of the Enterprise Zone Act.

Section 2. Based on information and data set forth in the Application, the City Council of the City of Washington hereby finds and determines that the Enterprise Zone meets the following criteria for designation and certification established by Section 4 of the Enterprise Zone Act:

Criterion 1. Unemployment within the Local Labor Market Area.

Fifteen separate census tracts in the local labor market area (the "LLMA") as defined in the Application have an average unemployment rate of at least 120% of the average unemployment rate of the State of Illinois for the most recent calendar year.

Criterion 2. Designation will result in Substantial Employment Opportunities in the Local Labor Market Area.

Designation of the Enterprise Zone will result in the development of substantial employment opportunities within the LLMA over the 15 year life of the Enterprise Zone by providing employment opportunities for persons with a wide range of skills, thereby helping to alleviate the effects of poverty and unemployment within the LLMA.

Criterion 3. Poverty within the Local Labor Market Area.

Twenty separate census tracts located within the LLMA have a poverty rate of at least 20%.

Criterion 4. Abandoned coal mines, Brownfields or Federal Disaster Areas within the Enterprise Zone.

The Enterprise Zone includes the following:

- A. A priority level 1 abandoned coal mine listed on the Illinois Department of Natural Resources abandoned mine locator.
- B. An unused underground coal mine identified by records on file with the Illinois State Geological Survey which has been out of service for over ten years and has, therefore, been deemed abandoned by the Illinois State Geological Survey.
- C. Two Brownfield sites listed in the Illinois Environmental Protection Agency Site Remediation Program Data Base.
- D. Territory which was identified as a federal disaster area in a notice published in the Federal Register as a result of a tornado occurring within the Enterprise Zone on November 17, 2013.

E. 227 miscellaneous environmental hazards including leaking underground storage tanks and improperly placed accumulations of hazardous wastes, solid wastes, refuse and/or scrap tires.

Criterion 5. Large Scale Plant closings within the Local Labor Market Area.

Large employers have on 29 different occasions downsized or closed facilities affecting more than 50 workers in the LLMA within five years prior to the date of the Application. Furthermore, large employers have on 46 different occasions downsized or closed facilities affecting more than 50 workers in the LLMA within the ten year period prior to the date of the Application.

Criterion 6. High vacancy rates for industrial and commercial properties in the Local Labor Market Area.

Vacant or demolished commercial and industrial structures are prevalent in the LLMA. A significant number of industrial structures in the LLMA are not used because of age, deterioration, relocation of the former occupants or cessation of operation.

Criterion 7. Existence of a Tax Base Improvement Plan.

The Application includes a plan demonstrating that designation of the Enterprise Zone will improve the state and local sales tax base, the state income tax base and the property tax base to the benefit of the State of Illinois and the local taxing bodies affected by the Enterprise Zone.

Criterion 8. Existence of a Public Infrastructure Plan.

Each Participant has provided an inventory demonstrating that significant public infrastructure exists in the LLMA to support economic development at the time of the Application. Each Participant has also submitted with the Application a three year public infrastructure improvement and development plan which lists proposed capital improvement projects, provides a plan for financing the projects, provides a timetable for construction or completion of the projects and includes justification for the projects. Finally, the Participants have submitted an area wide transportation study showing long range goals for improvement of transportation within the LLMA.

Criterion 9. Availability of Manufacturing Skills Programs.

High schools and community colleges located within the LLMA offer manufacturing skills programs including ACT work keys, manufacturing skills standard certification and industry based credentials that prepare students for careers.

Section 3. The following tax incentives and other benefits shall be offered exclusively in the Enterprise Zone:

The Owner of newly constructed improvements to real estate intended to accommodate new or expanded commercial or industrial operations (an "Eligible Improvement") may receive an abatement of real estate taxes levied by taxing districts which have approved such an abatement subject to the following conditions:

- A. The abatement shall apply only to the real estate taxes corresponding to an increase in equalized assessed valuation after an Eligible Improvement has been duly assessed. The abatement shall not exceed the amount of such taxes attributable solely to the Eligible Improvement.
- B. The abatement shall apply only to Eligible Improvements commenced within the Enterprise Zone after designation of the Enterprise Zone by the Participants and certification of the Enterprise Zone by DCEO after approval of the Enterprise Zone by the Enterprise Zone Board created by the Enterprise Zone Act.
- C. The abatement for an Eligible Improvement shall be in effect only for a period of five years commencing with the first year after the Eligible Improvement has been assessed.
- D. While the abatement is in effect with respect to an Eligible Improvement, each taxing district shall each year continue to receive all real estate taxes corresponding to the equalized assessed valuation of the parcel upon which the Eligible Improvement is located and all structures or parts of structures on the parcel other than the Eligible Improvement.
- E. An abatement of real estate taxes authorized by the taxing districts shall not take effect after the expiration of the Enterprise Zone, but any abatement which commences prior to expiration of the Enterprise Zone shall continue for five years even if the Enterprise Zone expires during that five year period.
- F. The abatement of real estate taxes authorized by taxing districts shall also apply within territory lawfully added to the Enterprise Zone subsequent to its initial certification by DCEO and shall also apply during any lawfully authorized extension of the term of the Enterprise Zone.
- G. The abatement of real estate taxes authorized by the taxing districts shall apply only to commercial and industrial facilities and shall

not apply to single family residences or to multiple family residential facilities.

H. No real estate tax abatement shall be available to any Eligible Improvement located within the boundaries of any tax increment financing district designated by a Participant.

Upon the submission of an application for a building permit for a project deemed by the Participant to qualify as an Eligible Improvement, fees for building permits required prior to construction of the Eligible Improvement shall be reduced by 50%.

Any incentives offered within an enterprise zone by the State of Illinois shall be available within the Enterprise Zone.

Section 4. The term of the Enterprise Zone shall be fifteen years from the date the Enterprise Zone is certified by DCEO.

Section 5. As provided in the Intergovernmental Agreement, an Administrative Board consisting of four members, one of which shall be appointed by each Participant, shall select the Zone Administrator.

Section 6. The duties of the Zone Administrator shall be as follows:

- A. Serve as a liaison between the Participants, DCEO and any Designated Zone Organization established within the Enterprise Zone.
- B. Post a copy of the boundaries of the Enterprise Zone on official internet websites of the Participants;
- C. Provide an electronic copy of the boundaries of the Enterprise Zone to DCEO;
- D. Collect and aggregate information regarding the estimated cost of each commercial or industrial building project undertaken within the Enterprise Zone broken down into labor and materials;
- E. Within 60 days after the completion of any commercial or industrial building project undertaken within the Enterprise Zone, determine the cost of the building project broken down into labor and materials;
- F. By April 1 of each year file a copy of the fee schedule established under the terms of this Agreement with DCEO; and
- G. Such other duties as may from time to time be assigned by the Administrative Board.

Section 7. This Ordinance is in addition to all other ordinances on the subject and shall be construed therewith excepting as to that part in direct conflict with any other ordinance, and in the event of such conflict, the provisions hereof shall govern.

Section 8. This Ordinance shall be in full force and effect from and after its passage and approval in the manner provided by law.

- C. If deemed necessary by the Administrative Board in its sole discretion, the Administrative Board may suspend the Zone Administrator from the performance of duties under the terms of this Agreement or terminate the authority of the Zone Administrator to act under the terms of this Agreement;
- D. Any person aggrieved by a decision of the Zone Administrator may within a reasonable time appeal that decision in writing to the Administrative Board. The Administrative Board has the authority to reverse, revise or affirm decisions of the Zone Administrator; and

3.3 Designated Zone Organizations. Each Participant may in its discretion create a Designated Zone Organization to assist in the administration of that component of the Enterprise Zone under the jurisdiction of the Participant. creating Participants. Substantially all of the members of any Designated Zone Organization shall be residents of the Enterprise Zone. ARTICLE IV

INCENTIVES OFFERED IN ENTERPRISE ZONE

4.1 Abatement of Real Estate Taxes on Eligible Improvements. The Owner of an Eligible Improvement may upon payment of the fee provided by paragraph 3.4 of this Agreement receive an abatement of real estate taxes levied by Taxing Districts which have approved an abatement of such taxes against Eligible Improvements subject to the following conditions:

A. The abatement shall apply only to the real estate taxes corresponding to an increase in equalized assessed valuation after an Eligible Improvement has been duly assessed. The abatement shall not exceed the amount of such taxes attributable solely to the Eligible Improvement.

B. The abatement shall apply only to Eligible Improvements commenced within the Enterprise Zone after designation of the Enterprise Zone by the Participants and certification of the Enterprise Zone by DCEO after approval of the Enterprise Zone by the Enterprise Zone Board.

C. The abatement for an Eligible Improvement shall be in effect only for a period of five years commencing with the first year after the Eligible Improvement has been assessed.

D. While the abatement is in effect with respect to an Eligible Improvement, each Taxing District shall each year continue to receive all real estate taxes corresponding to the equalized assessed valuation of the parcel upon which the

Eligible Improvement is located and all structures or parts of structures on the parcel other than the Eligible Improvement.

E. An abatement of real estate taxes authorized by the Taxing Districts shall not take effect after the expiration of the Enterprise Zone, but any abatement which commences prior to expiration of the Enterprise Zone shall continue for five years even if the Enterprise Zone expires during that five year period.

F. The abatement of real estate taxes authorized by Taxing Districts shall also apply within territory lawfully added to the Enterprise Zone subsequent to its initial certification by DCEO and shall also apply during any lawfully authorized extension of the term of the Enterprise Zone.

G. The abatement of real estate taxes authorized by the Taxing Districts shall apply only to commercial and industrial facilities and shall not apply to single family residences or to multiple family residential facilities.

4.2 Abatement Resolutions from Taxing Districts. Each Participant shall be responsible for securing resolutions from each Taxing District having territory located within that Participant's component of the Enterprise Zone authorizing an abatement of real estate taxes on Eligible Improvements under the terms and conditions set forth in paragraph 4.1 of this Agreement.

4.3 Abatements Inapplicable to TIF Districts. Anything in this Agreement to the contrary notwithstanding, no real estate tax abatement shall be available to any Eligible Improvement located within the boundaries of any TIF district designated by a Participant.

4.4 Issuance of Certificate of Eligibility. Each Participant shall have exclusive jurisdiction to determine whether or not an improvement within its component of the Enterprise Zone constitutes an Eligible Improvement which will receive the incentives available under the terms of this Agreement. Upon a determination by a Participant that improvements to real estate within the Enterprise Zone constitute an Eligible Improvement which will receive an abatement of real estate taxes to the extent approved by the Taxing District, an authorized representative of the Participant (which may in the discretion of each Participant be the Zone Administrator) shall issue a certificate of eligibility to the Owner of the Eligible Improvement. It shall be the responsibility of the Owner to file the certificate of eligibility with the County Clerk of the county in which the Eligible Improvement is located and to verify the application of the abatement.

4.5 Reduced Fees for Building Permits. Upon the submission of an application for a building permit for a project deemed by the Participant to qualify as an Eligible Improvement, fees for building permits required prior to construction of the Eligible Improvement shall be reduced by 50% in East Peoria, Washington, and Germantown Hills and 100% in Tazewell County.

4.6 Availability of State Incentives. Nothing in this Agreement shall be interpreted to preclude the availability of incentives offered by the State of Illinois under the terms of the Enterprise Zone Act or any other authority.

ARTICLE V

EXPANSION OF BOUNDARIES AND OTHER AMENDMENTS

5.1 Area of Participant Components. The Participants stipulate that the area of each of their individual components of the Enterprise Zone is as follows:

East Peoria Component	5.99	square miles of an available total of 7.75
Washington Component	2.58	square miles of an available total of 4.75
Tazewell Component	1.14	square miles of an available total of 1.5
Germantown Hills Component	<u>.17</u>	square miles of an available total of 1
Total	9.88	square miles of an available total of 15

Because the Enterprise Zone is located within the jurisdiction of four or more counties or municipalities, it appears that the maximum area of the Enterprise Zone is 15 square miles. Because the area of the Enterprise Zone as currently described has a total area of 9.88 square miles, the Enterprise Zone may be eligible pursuant to Section 5.4 of the Enterprise Zone Act for an amendment to expand the boundaries of the Enterprise Zone. That area available for potential expansion is hereby allocated among the Participants in the following fashion:

East Peoria	1.76 square miles
Washington	2.17 square miles
Tazewell	0.36 square miles
Germantown Hills	<u>0.83</u> square miles
Total	5.12 square miles

Except as hereinafter provided, no Participant may seek additions to its component of the Enterprise Zone which in the aggregate exceed that allocation. In the event any Participant desires to seek one or more expansions of that portion of the Enterprise Zone within its jurisdiction with an area which in the aggregate exceeds the aforementioned allocation, one or more other Participants may allocate all or any portion of their unutilized allocation to other Participants. In no event shall the area of the Enterprise Zone exceed 15 square miles.

5.2 Procedure For Expansion of Boundaries. Any Participant may in its discretion and without the consent of any other Participant apply to DCEO to expand the boundaries of that portion of the Enterprise Zone located within the corporate limits of the Participant subject to the limitations in the area of such expansion imposed by paragraph 5.1 of this Agreement. Any Participant seeking expansion of the Enterprise

Zone within its jurisdiction shall pay all costs associated with the application and any approved expansion.

5.3 Other Amendments. Any amendment of the Enterprise Zone other than an expansion of the boundaries as authorized by paragraphs 5.1 and 5.2 of this Agreement and any amendment of this Agreement shall require the unanimous consent of all Participants.

ARTICLE VI

GENERAL PROVISIONS

6.1 Breach and Opportunity to Cure. Before any failure of any Participant to perform its obligations under this Agreement shall be deemed to be a breach of this Agreement, the Participant or Participants claiming such failure to perform shall notify in writing the Participant alleged to have failed to perform of the alleged failure and shall demand performance. No breach of this Agreement may be found to have occurred if performance is completed to the reasonable satisfaction of the complaining Participant or Participants within thirty (30) days after receipt of such notice, or in the case of a failure which by its nature takes in excess of thirty (30) days to cure, such longer period of time as may be reasonably necessary to cure the same provided that the curing Participant is pursuing said cure with due diligence.

6.2 Amendment. This Agreement and any exhibits attached hereto may be amended only by the mutual consent of all Participants by the adoption of appropriate ordinances by the governing bodies of the Participants approving said amendment as provided by law and by the execution of said amendment by the Participants.

6.3 No Other Agreements. Except as otherwise expressly provided herein, this Agreement supersedes all prior agreements, negotiations and discussions relative to the subject matter hereof and fully integrates the agreement of the Participants.

6.4 Consent. Except as otherwise provided herein, whenever consent or approval of any Participant is required, such consent or approval shall not be unreasonably withheld or unduly delayed.

6.5 Paragraph Headings.
