

## **CITY OF WASHINGTON, ILLINOIS**

### **City Council Agenda Communication**

**Meeting Date:** Monday October 16, 2023

**Prepared By:** Brian Rittenhouse – Public Works Director

**Agenda Item:** Additional Purchase Authorization – WWTP Generator Installation

**Explanation:** Council approved the installation of a new generator at the Wastewater Treatment Plant in August. While digging the footings for the foundation of the generator pad, it was found that a sewer pipe was going to be right under the footings. The sewer was marked by staff and it was our best guess, based on the plant drawings. It is recommended, by CMT, to move the generator over to avoid being over the sewer pipe. Staff moved the pad over but it will require more concrete and rebar. Imperium submitted a change order for \$1,800.00 for the extra material.

**Fiscal Impact:** Additional \$1,800.00

**Staff Recommendation:** Staff recommends approval of the additional purchase authorization for the extra concrete and rebar.

**Action Requested:** Approval of additional purchase authorization for Imperium's change order in the amount of \$1,800.00.
