Budget Review FY2025 - Group 1

- ❖ This is our first year using the Operations portion of ClearGov. Recall that last year, we prepared the budget document through the Digital Budget Book (DBB) process, but we were still using Tyler as the platform for inputting details for estimated actuals and budget proposals. This caused several manual steps to upload and download between the two systems, as well as an additional, somewhat time-consuming process to make sure all the numbers reconciled between the systems.
- ❖ Having the Operations platform allows Department Heads to input directly into ClearGov, the details for estimated actuals and proposed budget. I can then enter Fund Balance information which we didn't have with just the DBB as well as create custom reports. We are also implementing the Personnel module which will allow for a streamlined and efficient process for projecting personnel costs and replace the many spreadsheets I have been using the past 30 years!

<u>Audit Fund (Fund 202)</u> – cost based on contract – we are in the 3rd year of a 5-year agreement with Lauterbach and Amen. Anticipate a Single Audit due to federal grant funds we will be receiving in excess of \$750,000.

<u>Liability Insurance Fund (Fund 203)</u> – 15% increase budgeted; prior year was 12% increase due to increases in the cyber security coverage and deductibles.

<u>IMRF (Fund 207)</u> – rate increased slightly from 11.04% in 2023 to 11.25% in 2024. Additional reflected for Public Works retro/bonuses. Will be updated as Personnel Budgeting is completed.

<u>Social Security/Medicare (Fund 209</u>) – additional Police Officer included. Will be updated as Personnel Budgeting is completed.

<u>WACC Debt Service (Fund 303)</u> – reflects that \$75,000 annual payment from WACC has been forgiven and the entire debt service will be transferred from the General Fund.

Public Safety Funds

Police – Department 004

Concerted effort to reduce expenditures in the current FY to shift funds to the evidence building project. You will see one-time savings in expenditures that are generally not indicative of good organizational maintenance (think of skipping an oil change to "save" money).

100-004-530-3000 (Data Processing Support)

• Up from the current budget for necessary services that are outside the scope of our service contract, such as support specific to Criminal Justice Information Systems (CJIS), specialized systems that are difficult to capture in a more general IT contract.

100-004-550-1500 (Communications)

Down 30% (Starcom port fees NOT in the coming FY)

100-004-590-2000 (Lease/Rent Expense)

• You see \$12,000 this year and \$19,000 budgeted for Flock ALPRs, previously brought before the Council. This would bring us from 4 to 6 ALPRs.

100-004-590-3000 (TC3 - Police)

• Fee formula change led to a reduced rate for our PD dispatch.

100-004-610-1500 (R&M - Equipment (Commodities)

Budgeted reduction of \$6,000 (Optimistic on Leibert unit repairs)

100-004-910-9100 (DARE/CRO Expenses)

• Increase specifically related to community relations, both based on need for outreach and to address challenges of a contentious police/public relations environment.

100-004-800-2000 (Purchase - Building/Property)

A contingency we do not intend to use related to unplanned expenses in building.

\$400,000 Transfer to Building Maintenance Fund including contingency for Evidence Building.

Fire & Rescue - Department 007

100-007-510-10000 (R&M - Bldg/Property (Contr.)

• \$25,000 for converting loft space to sleeping quarters,

Other 007 expenses are flat pending contract negotiation.

Police - Special Projects - Fund 140, Department 000, 141 and 142

- \$200,000 Transfer to Building Maintenance Fund for Evidence Building from Vehicle Seizure Funds.
- Other budget items flat

Emergency Management Agency – Fund 201

Small budget, so small \$ changes yield large % swings. The budget is flat.
