

CITY OF WASHINGTON, ILLINOIS
Committee of the Whole Agenda Communication

Meeting Date: June 9, 2025

Prepared By: Dennis Carr – Interim City Administrator/City Engineer

Agenda Item: Fire Department Budgeted Renovation

Explanation: The Mayor and I met with Jeremy Doerr and Captain Gee to discuss the renovations that were budgeted for the Fire Station. While the renovations originally budgeted were for cabinetry in the kitchen, it has become apparent that the floor should be done prior to the installation of the cabinetry. The cabinetry work would then be done once the flooring is complete.

The flooring is white vinyl tile, and they are asking to have the tile removed, adhesive ground off, and the bare concrete polished and sealed. Jeremy is working on getting three quotes to provide a recommendation to place on the next agenda for approval.

Fiscal Impact: There is \$30,000 included in the budget to assist the Fire Department with contracted renovations to the station.

Action Requested: On behalf of the Fire Department, Staff is recommending placing the low quote on the next council agenda for approval.
