

CITY OF WASHINGTON, ILLINOIS
City Council Agenda Communication

Meeting Date: September 2, 2025

Prepared By: Dennis Carr – City Engineer

Agenda Item: Purchase Authorization – Square Parking Mill and Overlay

Explanation: IDOT is beginning their resurfacing of the remainder of Business 24 within the City limits. As part of this project, they intend to mill one lane around the square only. UCM has reached out to staff to discuss whether we would want them to mill and overlay the rest of the square parking area while they are doing the IDOT project.

Attached is a quote for them to resurface and alternatives for striping once the asphalt has been completed.

Fiscal Impact: Staff budgeted \$250,000 for roadway maintenance in the Street Fund.

Recommendation Summary:

Staff recommends approving a purchase authorization for up to \$125,000 to have UCM mill and overlay the rest of the square and restripe the parking spots.

Action Requested: Approval
