Kristy responded that the Park District is helping focus on events, allowing The Chamber to focus more on businesses. Kristy also shared that the Annual Fine Arts Fair is cancelled due to COVID-19. - C. Update on Amending the Rules of Procedure – City Administrator Ray Forsythe brought forward for discussion The City’s COVID response. He noted the previous Rules of Procedure were updated in 1983. Due to COVID, resolution 1305 concerning remote attendance was added. During this time, language for the order of business was also in need of updating. The new language specifies: The Mayor or City Council may change the agenda order during a meeting; a 24 hour notice is needed to attend remotely; votes will take place in a rotation alphabetically; legal opinions cannot be sought outside of Council. City Attorney Derek Schryer shared that a Council Member can seek advice during a meeting and a verbal response can be given at that time or a written opinion can be given outside of the meeting however, requests should not be asked outside of the meeting as a Council Member has no decision making power outside of Council. Alderman Cobb expressed concern with keeping subjects confidential. Derek explained the process to use the written request option through the Mayor or Administrator. Discussion continued in regards to proper procedures when seeking legal advice using the City Attorney. City Attorney Derek Schryer stated a need to comply with the open meetings act and individual Council Members do not have an individual agreement with the City Attorney. Alderman Butler stated that individuals cannot seek legal advice at the expense of the City. Derek shared that The City’s Legal agreement is to represent the City not individuals.
