

CITY OF WASHINGTON, ILLINOIS

APPLICATION FOR PERSONAL WIRELESS SERVICE FACILITY (PWSF)

To obtain a building permit for the construction of a personal wireless service facility (PWSF), you must complete this application in its entirety and submit the application to the Code Enforcement Officer. Please refer to the attached Telecommunications Towers ordinance for more information on PWSF requirements.

Address or location of property: _____

Property Tax ID (PIN) number: ____-____-____-____-____

Current use of the property: _____

What business or corporation, if any, will the PWSF be associated with? _____

What service will the proposed PWSF provide? _____

Please check one or more of the following that describes your proposed PWSF:

- ☐ An antenna or antenna array to be added to an existing building or structure on public property
- ☐ An antenna or antenna array to be added to an existing building or structure on private property (excluding single and two-family dwellings), streetlight, utility pole, traffic signal pole, existing monopole or tower, or other consistent structure
- ☐ An antenna or antenna array that will extend no more than ten (10) feet higher than the existing building or structure
- ☐ An antenna, antenna array, or equipment to be placed on a newly constructed tower or mount
- ☐ Other (please describe): _____

Please provide a brief description of the tower height and design: _____

The Code Enforcement Officer will review your application and do one of the following: (1) assign the application to Tier One or Tier Two, as described in Sec. 50-24 of the attached ordinance, and grant the issuance of a building permit; (2) assign the application to Tier Three, requiring application for a special use permit, recommendation by the Planning and Zoning Commission, and approval of the City Council (**refer to Sec. 50-28 of the attached ordinance for additional Tier Three application requirements**); or (3) review and deny the application.

Applicant: _____ Property Owner: _____

Address: _____ Address: _____

Phone: (____) _____ Phone: (____) _____

Email: _____ Email: _____

Certification: To the best of my knowledge, the information contained herein, and on any attachments, is true, accurate, and correct, and substantially represents the proposal. Any error, misstatement, or misrepresentation of material fact or expression of material fact, with or without intention, shall constitute sufficient grounds for the revocation or denial of the proposed PWSF.
