

Memo

TO: Public Works Committee
FROM: Kevin Schone, Public Works Manager
DATE: June 11, 2018
SUBJECT: Replacement Plow Truck for Public Works

This year's Motor Equipment Replacement Fund schedule has provided for the purchase of a new 2019 single axle Snow Plow Truck. This truck will replace Lin #5, a 2006 International 7400 Series plow truck that was purchased in 2006. This is a budgeted replacement at \$139,000.

A review of the current CMS statewide bids finds that Rush Truck Centers of Springfield, IL is the State's current supplier (w/ pricing open to local agencies). Use of CMS pricing satisfies the competitive bid requirements for purchase since CMS bids this statewide.

The presented total for this new plow truck is **\$114,665** which includes a trade of \$18,000 for the existing 2006 International. Miscellaneous upfit, i.e. two-way radio, glad hands, ... would be done separately with Ragan Communications and our in-house mechanic.

The build for this truck will be supplied under Rush's subcontractor, Monroe Truck and Equipment of Monroe, Wisconsin. Attached is the build sheet for this truck.

This matter has been placed on the Committee of the Whole meeting of Monday, June 11, 2018 for review and discussion before proceeding to Council for approval.
