

BOIL ORDER ADVISORY

Please be advised that today, June 17, 2020, due to a break in the water main serving city customers east of North Lawndale Avenue and north of Walnut, the City has issued a boil order.

When water service is restored, those customers east of North Lawndale Avenue and north of Walnut Street must bring all water to a rolling boil for at least three minutes and let it cool before using, or use bottled water.

Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, and food preparation until further notice.

We will notify customers of the end of the boil order when lab testing has confirmed that the water supply has been safely restored.

We apologize for this inconvenience.
