

CITY OF WASHINGTON, ILLINOIS

City Council Meeting

Monday, March 1, 2021

Five Points Washington Banquet Room at 6:30 P.M.

Call to Order	Mayor Manier called the regular meeting of Monday, March 1, 2021 to order at 6:30 p.m. in a banquet room at Five Points, Washington providing remote listening access
Roll Call	Present and answering roll call were Aldermen Adams, Blundy, Brownfield, Butler, Cobb, Dingledine, and Stevens
Also Present	City Administrator Ray Forsythe, City Engineer Dennis Carr, Public Works Director Kevin Schone, P & D Director Jon Oliphant, Police Chief Mike McCoy, Fire Chief Brett Brown, and former City Clerk Pat Brown
Present Remotely	Finance Director Joanie Baxter, City Treasurer Ellen Dingledine, and Matt DeLand from Enterprise Leasing
Absent	Alderman Yoder
Pledge of Allegiance	All present stood for the Pledge of Allegiance
Agenda Review	The Agenda was reviewed and stood as presented
Approve Consent Agenda	<p>Mayor Manier presented the Consent Agenda for approval of the following items:</p> <p>a.) Approval of minutes of February 15, 2021 Regular Council meeting</p> <p>b.) Approval of Monthly Reports as of January 31, 2021</p> <p>Alderman Cobb moved and Alderman Adams seconded to accept the Consent Agenda</p> <p>On roll call on the motion to approve was:</p> <p><u>Ayes: 7</u> Adams, Blundy, Brownfield, Butler, Cobb, Dingledine, Stevens</p> <p><u>Nays: 0</u></p> <p><u>Motion declared carried.</u></p>
Announcements and Proclamations	None at this time
Audience Comments	<p>Bob and Allison Montgomery shared a request for the streetlight above their property to be realigned over the road, as to not affect the growing cycle of their crops. A copy of their full request is included and made part of these minutes.</p> <p>Christina Norris addressed Council to bring awareness to transportation issues for disabled adults, elderly and bike safety concerns. She explained that transportation is a basic life necessity needed for healthcare, food, employment and independence. She shared that she is personally affected by this issue. She noted that if a person needs to bike, they may be limited to their distance due to their physical ability. She also shared that she has seen her son almost hit while riding his bike to school due drivers not paying attention. She has notified police of this issue. Ms. Norris explained that she created a petition in 2019 but hasn't received feedback. She stated that every city around Washington has something for disabled adults but we don't. She shared the</p>

option of using CityLift but there is no funding or a contract for it. Another option is WeCare but they only transport to rural areas and CityLink which is a public bus system but it is not equipped to help disabled adults. Ms. Norris asked that the City arrange talks with CityLift and continue this consideration.

Standing Committee: Chairman Daniel Cobb, Finance and Personnel Committee, reported none at this time.
Finance & Personnel Committee

Standing Committee: Chairman Brian Butler, Public Safety Committee, reported none at this time.
Public Safety Committee

Standing Committee: Chairman Mike Brownfield, Public Works Committee introduced Public Works Director, Kevin Schone to provide updates about the Gillman Sump Collection project. Mr. Schone shared that the City budgeted for two sump locations on Gillman. He stated that the project was completed in late 2020 with good results. Mr. Schone shared that they had also requested pricing on the center section of Gillman which was less concerning than the other two sections but still needed the Sump consideration. Mr. Schone noted that there is unused funds that could be used to complete this project. He noted that G.A. Rich was the lowest bidder at \$74,952 and they assured they could complete the project by April 30, 2021 if approved.

Alderman Dingleline moved and Alderman Butler seconded to approve

On roll call on the motion to approve was:

Ayes: 6 Adams, Blundy, Brownfield, Butler, Dingleline, Stevens

Nays: 0

Abstain: 1 Cobb, resides in the specified area and will be directly affected by this project.

Motion declared carried.

Chairman Brownfield, introduced Mr. Schone to provide updates about the Public Works Department Budget Requests. Mr. Schone shared an overview of project considerations for the Street Department, Stormwater Department, Water Treatment Department, Waste Water Department, Distributions and Collections Department, Fleet Maintenance, Equipment Considerations, Building Maintenance, Staff Considerations. Alderman Brownfield shared that the asphalt paver is a big-ticket item that could pay for itself. Alderman Adams noted that Mr. Schone put in a lot of detail into his report and appreciated it. Alderman Dingleline shared his favor of the budget. City Administrator Ray Forsythe shared that many of the details in the Public Works Budget Requests are also shared in the Budget Review that will be presented by Finance Director Baxter later in the meeting. Alderman Cobb acknowledged the effort put into the Budget Requests and asked about the 16-year payback of the asphalt paver. He noted that the equipment is approximately \$200,000 and asked to clarify what we are spending a year to rent it. Mr. Schone provided that the City pays \$12,500 per year. He explained that a lease option is not financially reasonable. He also noted that we rent a paver for a month and we hope there isn't rain during that time. He also shared that the City could complete projects that might not normally be addressed for several years. Alderman Cobb noted that he has received positive feedback for some of the projects completed with the use of a paver. Alderman Stevens asked about project considerations for the waste water treatment budget. She asked Alderman Brownfield if there were priorities on the request sheet.

Alderman Stevens listed a few items from the project considerations and asked if there was going to be a list made of priorities if some projects couldn't be completed. Mr. Schone replied that all the projects listed are important and is looking for guidance from Council if they feel the same way. Mr. Schone offered to create a priority list. He also stated that he is identifying all the items on the list as needed items to be addressed and he is bringing this plan to try to get some of the jobs done so residents feel that their tax dollars are being used. Alderman Brownfield stated that staff has other responsibilities and when an emergency happens, production stops. He also stated that a list may not be needed but just having a plan will help. Mayor Manier shared that Public Works had discussed that it is not necessarily a priority list but let's do all that we can. Alderman Brownfield agreed.

Chairman Brownfield, introduced City Engineer Dennis Carr to provide updates about the Enterprise Lease Program. Mr. Carr shared that this program has been discussed previously in Public Works where it was noted that there is a global microchip shortage that has stopped production of 2021 vehicles. Mr. Carr noted that the program called for eleven Public Works and eight Police Department vehicles to be replaced. He shared that they removed one of the Public Works vehicles from the original consideration. Mr. Carr shared the schedule for the upcoming fiscal year and shared that they have looked into the difference between purchasing locally versus ordering from the factory. He noted that purchasing locally would be about \$15 per month, per vehicle, more which would result in approximately \$6500 per year total. Matt DeLand from Enterprise leasing provided that there is a \$400 service charge when selling the vehicle. He also shared that the information is available online. Alderman Brownfield said his apprehension was due to the amount of information provided very quickly. Alderman Dingledine shared his trust in Mr. Carr because of his previous experience with the program and he likes that this allows a smooth payment option. Alderman Adams stated his interest in using the replacement of nine vehicles this year as a trial run. Mr. Forsythe reached out to Rock Island who shared that they have been happy with the program as well. Mayor Manier expressed his interest in using the local business because they give back to the community. Alderman Cobb asked for clarification on the price difference if we do obtain the vehicle locally. Mr. DeLand shared that the slight increase is due to a dealer holdback fee that the leasing company would not receive if the vehicle is obtained locally. Alderman Brownfield asked if there are any other fees throughout the course of the lease. Mr. DeLand shared the fee breakdown for the leased life of the vehicle. Mr. Forsythe asked if Council was interested in staff bringing this proposal back at the next meeting for consideration. It was agreed to do so. Alderman Cobb asked if Mr. Carr had ever received any concerns about the program when he was in Freeport. Mr. Carr shared that his only concerns were personnel based. He noted that personnel had questioned why the City was investing in its equipment and not its personnel.

Chairman Brownfield, introduced Mr. Schone to provide department updates. Mr. Schone noted that there have been a few water leaks that have been addressed, they have picked up more brush and they are cleaning up extra rock with the street sweeper and blowers. He shared that residents have been appreciative. Mr. Schone shared that they will start making improvements to the Legion Road facility. Mayor Manier stated that he's not sure that any of the rock stuck to the roads this past year due to the quantity in the curbs and gutters. Mr. Butler agreed and stated that in some places it feels that it is a gravel road and we should look at it more carefully. Mr. Carr shared that once the clean-up is completed, he will review the issues. He noted that rock will not stick to brand new asphalt and a new process is being developed to handle the situation. Mr. Carr went on to share that the Lawndale project is about to

begin and Holland will follow. The Hilldale project design is near completion. Planning and Zoning Director Oliphant shared an update regarding the Comprehensive Plan. He shared that the data gathering is near completion and they will schedule a kick-off open house as well as stakeholder interviews.

Mayor

Mayor Manier asked if Mr. Carr was aware of the crop concern that was shared during Public Comments. Mr. Carr shared that this also happened along Orange Prairie Road in Peoria and they will follow up with the Montgomery's. Mayor Manier stated, in response to the transportation concerns, that he had met with Jim Bremner, the Township Supervisor and had also shared this concern and had offered to put funds towards the program. He also noted that CityLink is doing a survey to consider Washington and asked if Mr. Oliphant could check with CityLift if they would consider as well. He noted that CityLink would require 35% of the cost to be paid for by the City. Mayor also shared that he had reached out to WeCare at which time he offered a donation to acquire their service and they were not interested.

City Administrator

City Administrator Forsythe introduced Finance Director Baxter who provided a summary of the Budget Review - Group 3 (Street & Related Funds, Capital Project Funds and Remainder of General Fund). He noted this was also discussed at the Public Works meeting. Mr. Forsythe requested that Council note how aggressive they would like to be with Capital Improvements. Ms. Baxter shared a visual presentation that is included and made part of these minutes. She began with an overview of the Legislative/Administrative Accounts. She noted that these are smaller funds. Ms. Baxter pointed out the "Variance Column" because it highlights the difference between the previous year and this year. In the column, Ms. Baxter reviewed the line item "Professional Fees" because of the increase. She shared that it will increase due to Compensation and Classification Study and the Recodifying of the Code. Ms. Baxter also noted that there is a slight increase in the budget due to the need to purchase a few Tyler Modules which will complete the City's implementation of the new software. She also noted that personnel is up slightly. Alderman Cobb asked about the storage unit. Former City Clerk Brown shared that the unit houses old records from the previous attorney that may contain original documents and once the current records at City Hall are destroyed, the records in the storage unit will be moved to City Hall for storage. Ms. Baxter shared budget updates in City Hall and noted increases due to the addition of personnel and a new phone system. Alderman Cobb asked if the \$2,400 allocated to phone maintenance will go away with the new phone system. Ms. Baxter stated that she wasn't quite sure due to the new system style but there is a possibility it could go away. Ms. Baxter introduced Mr. Schone to provide an update from the Street Department. Mr. Schone opened the floor for any questions. Alderman Cobb asked about the bridge inspection fees since City Engineer Dennis Carr is getting his license. Mr. Carr shared that there is an issue with obtaining the license online and we had to budget for the bridge inspections in the event that the online issue is not corrected. Alderman Cobb asked about the message board. Mr. Schone shared that they are using the current message board which was purchased just after the tornado but it isn't enough and is in poor shape so a second board is needed. Alderman Cobb asked if the budgeted money for the Fog Seal would cover all MFT plans. Mr. Carr responded that this would cover the next fiscal year's MFT project but it can be pulled out of the budget because IDOT gave approval to use MFT funds for the rock issues. Ms. Baxter explained that the Telecommunications Tax has been declining and we use that fund to fund the TC3 Contract. Police Chief McCoy stated that this is the new fee and we will no longer pay per call. Mr. Forsythe noted during the early phase of COVID it was agreed upon to use up to \$500,000 of this fund, however, none of it was used. Ms. Baxter then proceeded to discuss the cemetery. It

was noted that the expenses are more than the revenue and that an increase in prices and fees is likely needed. The last increase was done in 2013. Mr. Forsythe noted that the fee increase could take place at a later time and we don't want to receive revenue but just cover our cost. Mr. Schone noted that he and City Clerk Brod are researching other communities to see where we align. Ms. Baxter introduced Mr. Carr to share information about the MFT. No questions were asked regarding the MFT budget. Ms. Baxter went on to discuss Storm Water Management. She noted that we do not have a funding source for these projects. Mr. Forsythe stated that putting these funds into their own budget, instead of the general fund, allows Council to see how the funds are being spent. Mr. Schone stated that there are many small projects that are being done and this will help track their spending better. Mr. Carr shared that some of these projects have grants which help. Alderman Cobb asked if the \$60,000 that was just approved for the Gillman project could come out. Mr. Schone confirmed that it can. Alderman Stevens asked about a ditch project. Mr. Schone replied some of the ditches are filled in and he feels they can do the project engineering work in-house and utilize a wheeled excavator to clear the ditches from the road. Mr. Schone shared that several neighborhoods could use this. Ms. Baxter went on to share information regarding the Washington 223 Debt Service Fund and the Mallard Crossing Special Services Area Fund which appear but there is no budget since they are paid off. Mr. Forsythe shared that there is \$100,000 in the Build Illinois Program for 223 but there is a communication lag due to a change in State Senators. Mayor Mainer noted that it is a portion of the "Brady Bill" and we should have more information soon. Mr. Forsythe shared that the rent income from the farm has increased due to the new lease. Ms. Baxter then shared information for the combined Freedom Parkway and Lakeshore projects. Mr. Carr shared they can start construction in September. Mr. Forsythe noted that the advantage of starting sooner, rather than later, opens up the properties for private development. Alderman Cobb asked if future PPUATS money could be used and it was confirmed. Mr. Oliphant clarified that the PPUATS money is earmarked but now we'd like to move the project ahead of its original schedule. Mr. Carr shared that Bobolink project should start around April 1, 2021 and may creep into the next fiscal year. Mr. Carr gave details about the Freedom Parkway and Lakeshore, Hilldale, Safe Routes to School, Centennial Recreation Trail, N. Lawndale, and W. Holland projects. Ms. Baxter reviewed the General Fund Unrestricted. She shared that they are remaining conservative in their estimates. She stated that this is where transfers into the other funds came from. Ms. Baxter shared the General Fund Summary which takes all the departments breaks down all expenditures into categories. She noted that we have a very aggressive Capital Program within the budget which would take our fund balance to just under \$5.2 million from our starting balance of \$10.8 million that is projected down to \$5.6 million. We are at a 49% fund balance ratio and our minimum standard is 25% which results in a surplus of just over \$2 million. Mr. Forsythe shared that we don't have a new projection yet for the new sales tax that started January 1, 2021 and will be a revenue source. Mr. Forsythe brought forth to the Council the question of if they are comfortable with using reserves to fund an aggressive Capital Improvement Plan. Alderman Butler asked how the fund balance compares to our total reserves. Mr. Forsythe shared that there are reserves in other funds as well as this fund. Alderman Butler expressed his concern with being so aggressive that this may spend all reserves within two years. Ms. Baxter agreed that we could not do this two years in a row. Alderman Butler expressed his concern with the cost increase for operations and personnel. She also noted reserves in Health Insurance, IMRF and Social Security. Mayor Manier noted a concern regarding if the new Internet Tax revenue would make up for the local sale tax deficits when people go back to work full time. Mr. Forsythe noted that the biggest projects in the budget are Freedom Parkway and Hilldale. Alderman Brownfield asked Council to

remember that Council had tasked the Staff to be aggressive due to lack of projects in the past. Mr. Forsythe shared his desire to visit a policy pertaining to Council's appetite for the total reserve with the current policy's desire is a balance of 25% or revenue. Alderman Cobb agreed with Alderman Butler. Mr. Forsythe stated that he will take the input and help tweak the budget. He also noted that we will not continue to add staff at the rate that was done this year but this year allowed us to make up for years of being understaffed. City Treasurer Ellen Dingledine suggested doing a projected budget that would show a little further in the future. Mayor Manier agreed.

2nd Reading
Ordinance:
*Authorizing an
Intergovernmental
Agreement for a
Recycling Collection
Program*

City Administrator Forsythe provided the second reading of the following ordinance, by title and brief synopsis: an ordinance authorizing the Mayor and City Clerk of the City of Washington, Tazewell County, Illinois to enter into an Intergovernmental Agreement between the City of Washington and County of Tazewell for a County approved recycling collection program.

Alderman Dingledine moved and Alderman Cobb seconded.

Alderman Stevens asked if we could use this money towards the glass recycling dumpster. Mr. Forsythe stated that we could, however it would reduce the amount allocated for brush pick up. Alderman Stevens noted an increase to \$45,000 to fully fund a brush pick up program and that would be leftover money. Ms. Baxter noted that the \$45,000 is the full cost of the brush pick-up and the Christmas tree recycling programs, which includes equipment and labor so if it is used for the glass recycling, the balance would have to come from the general fund.

On roll call the vote was:

Ayes: 7 Adams, Blundy, Brownfield, Butler, Cobb, Dingledine, Stevens

Nays: 0

Motion declared carried.

2nd Reading
Ordinance:
*Increasing the
allowed number of
liquor licenses*

City Administrator Forsythe provided the second reading of the following ordinance, by title and brief synopsis: an ordinance Increasing the allowed Number of Class A Liquor Licenses from 10 to 11.

Alderman Brownfield moved and Alderman Dingledine seconded.

On roll call the vote was:

Ayes: 7 Adams, Blundy, Brownfield, Butler, Cobb, Dingledine, Stevens,

Nays: 0

Motion declared carried.

1st Reading
Ordinance:
*Authorizing an
Agreement with
Tazewell County for
Building Inspection
Services*

City Administrator Forsythe provided first reading of the following ordinance, by title and brief synopsis: an ordinance authorizing an intergovernmental agreement between the City of Washington and County of Tazewell to provide for use of its building inspectors to satisfy the City's needs for inspections and plan reviews

Alderman's
Comments

Alderman Brownfield stated that he had a constituent reach out to him regarding the recent gas and electrical hikes. This person shared that they had seen on Facebook that we talk about this during our budget process. Alderman Brownfield asked Ms. Baxter to clarify when that happens. Ms. Baxter stated in the past year, a bid went out

that received Council approval and we are locked into the rate so the company can not pass the fees back on to the residents. Alderman Stevens asked if this means we are locked into these rates and won't received anything excessive. It was confirmed. Alderman Cobb noted that bulk pick up is happening this and next week and the Wienermobile will be on the Square on Friday.

Adjournment

At 8:28 p.m. Alderman Brownfield moved and Alderman Adams seconded to adjourn.
Motion carried unanimously by voice vote.

Valeri L. Brod, City Clerk

Washington City Council Meeting – March 1, 2021

Bob & Allison Montgomery – 1322 N. Main St.

We request that the street light at Cruger and Devonshire be aligned directly over the road instead of at an angle, because the oblong illumination pattern negatively impacts our soybean harvest.

During the design of the Cruger Recreation Trail, Phase 2, I contacted Cody Davis of Ameren and Washington's former Public Works Director Ed Andrews. I requested that all the street lights on Cruger, adjacent to our field, be aligned directly over the road.

On July 12, 2018, I provided Cody and Ed copies of the Illinois Center for Transportation studies entitled "Roadway Lighting's Impact On Altering Soybean Growth" Volume 1 & 2. Soybeans react to shorter days and artificial lighting prevents them drying down for harvest.

Ed told us only two lights would be changed. I replied that we would compare harvest where the lights were changed to the one light which was left at an angle.

In 2020, at harvest, we picked 100% of the soybeans adjacent to the Comfort Way and Breeze Way street lights. The soybeans at Devonshire remained green and could not be harvested. In addition, the combine had to maneuver around them and avoid backing into a power pole.

We reviewed the IDOT manual on Lighting – Chapter 56. I quote the following:

56-5.05, c - "Light Trespass. Lighting can have considerable impact on crops and must be considered when lighting is installed in rural areas."

56-4.02 - "noting areas of high ambient lighting or areas especially sensitive to trespass lighting (e.g., soybean fields)."

Being a federally funded recreation trail, we would like IDOT standards to apply and request the street light at Cruger and Devonshire be aligned directly over the road instead of at an angle. Thank you.

Budget Review – Group 3

(Streets and Street Related Funds; Capital Project Funds; and Remainder of General Fund, including Unrestricted and General Fund Summary)

Please note the most efficient way to approach the budget review is to look at the attached budget sheets for each fund and then go through the detail and notes that are included in the Incode Web Budget Management portal. Call Joanie if you need any help navigating the portal (444-1124).

General Fund

- Summary – summarizes all the revenue and expenses for the General Fund
- Unrestricted – Fund 100, Department 010 – this shows all unrestricted revenue going in to the General Fund as well as transfers to other funds and the net expenditures from the General Fund departments
- Legislative/Administrative – Fund 100, Department 001
- City Hall – Fund 100, Department 002
- Streets – Fund 100, Department 003
- Telecommunications Tax – Fund 100, Department 009
- I am including the other General Fund departments that were reviewed with Group 2 since some changes have been made in regard to Personnel once those numbers were finalized, Grant Proceeds have now been reflected, and some other Revenue/Operation/Capital changes may have been made

Special Funds

- Cemetery – Fund 200
- Motor Fuel Tax – Fund 206
- Storm Water Management – Fund 218

Capital Project Funds

- Mallard Crossing Spec. Serv. Area – Fund 406
- Washington 223 Capital Project Fund – Fund 409
- Freedom Parkway/Lakeshore Dr. Capital Project Fund – Fund 411
- Hilldale Ave. Capital Project Fund – Fund 413
- Safe Routes to Schools Fund – Fund 420
- Recreation Trail Extension Fund – Fund 421
- N. Lawndale Spec. Serv. Area – Fund 430
- W. Holland Spec. Serv. Area – Fund 431

Debt Service Funds

- Washington 223 Debt Service Fund – Fund 305
